

The minutes of the meeting held on 25 January 2018 were agreed as an accurate record.

52/17 George Rennie Conservation Awards for 2017

CAAC received a report of the Strategic Director of Communities and Place detailing which buildings had been nominated so far for the George Rennie Conservation Award 2017. The report also detailed which buildings had been short listed for the award in 2015 and 2016.

Discussions were held around which buildings CAAC felt were worthy of the award and those which should be commended along with when the award ceremony should take place.

Resolved to:

- 1. Present the George Rennie Award to the shopfront scheme which has affected Saddlergate, The Strand and The Wardwick.**
- 2. Highly commend the Liversage Trust work in the Nottingham Road Conservation Area.**
- 3. Commend the conversion to single house accommodation at 40 St Mary's Gate.**
- 4. Suggest the award ceremony be held on Thursday 19 April prior to the next CAAC meeting.**

53/17 Draft Agard Street Characteristics and Draft Design Guidance

CAAC received a report of the Strategic Director of Communities and Place advising them that a draft design guidance had been drawn up relating to Agard Street. It was felt there was a need to produce a design and parameter guide due to the development pressures in this area affecting Agard Street and the rear of Friar Gate as part of the Friar Gate Conservation Area.

CAAC discussed the draft guidance and made comments relating to the former Tax Office building which would not have required planning permission as crown estate was exempt and this was probably built prior to this being made a conservation area. CAAC also discussed their concerns about the "canyon effect" of Agard Street due to so many tall buildings being proposed and agreed there should be a strategy in place to prevent this. It was felt there should be some reference to the Tall Buildings Policy

Resolved to:

- 1. Note the draft Design Guidance and suggest any amendments**
- 2. Welcome the Guidance**
