

DERBY CITY COUNCIL

AREA PANEL 2
16 March 2005

Report of the Director of Development and Cultural Services

Petition concerning the provision of a bus stop in the Parkway area of Derby Road, Chellaston

SUPPORTING INFORMATION

- 1.1 In early December 2004 the Department of Development and Cultural Services received a request from Councillor Tittley, on behalf of the petitioners, for an additional bus stop to be installed on Derby Road in the Parkway area.

The current bus stop provision in the area was reviewed, with a particular emphasis on the accessibility for residents of Chellaston Court. The need for an additional bus stop was accepted, and a proposed location for a new stop has now been agreed with Arriva who operate the bus service.

Both Councillor Tittley and Mr Middleton have been advised of the outcome.

PROPOSED ACTION

- 2.1 The installation of the bus stop has been added to the programme for completion in the current financial year. It is anticipated that the bus stop will be in place before the end of March 2005.
