COUNCIL

17 November 2010

- (2) Morledge Bus Stops – Approved as amended to read:

“Council welcomes the investment and regeneration of the area around the new bus station and the Morledge. The consultation on the suggested improvements to the Morledge showed the proposed street layout, with space for taxis, buses, disabled parking and delivery vehicles. These plans were welcomed by the public. However, the scheme being constructed has seen the permanent removal of the bus stops used for the very popular Mackworth services 28/29 and Littleover 33. This change has been implemented without any consultation and this has angered a wider public who are keen to promote public transport and specifically bus users who favour the site, given its proximity to the Westfield shopping centre and Eagle Market.

Council therefore requests that Cabinet listens to the bus users of Mackworth and Littleover and reinstates the bus stops for services 28/29 and 33 in the Morledge.”

- (3) Asbestos Awareness Campaign – Approved.

“This Council fully supports the HSE’s asbestos awareness campaign and recommends the Council Cabinet to assist in raising the profile of the dangers of asbestos in residential properties by enclosing a leaflet with council tax bills and by providing a link from the Council’s website to the HSE’s website.”
