<p>Summary – The Local Authority has a duty to ensure there is sufficient accommodation within the Authority's area which meets the needs of children that the Local Authority is looking after, and whose circumstances are such that it would be consistent with their welfare for them to be provided with accommodation that is in the Local Authority's area (Sufficiency Duty). There are a cohort of children that need specialist support when transitioning from Tier 4 mental health provision, secure children's home placements, or require an alternative to inpatient or secure welfare. Recent national reviews outline the impact that the lack of appropriate provision has on the lives of vulnerable children.</p>
