Support the City Council's comments that the use of AS6 Chellaston Community Centre polling place is unsuitable with the housing development in AS6. Barleycroft DE73 6TU would have to cope with extra traffic etc. AS4 Field Lane Community Centre could more easily cope with the 2 polling places in one venue even though not ideal.

Much better now that the Nursery isn't used, I didn't agree that the Nursery provision wasn't valued. (It was considered to be alright for the Nursery to be closed and the children to miss a days learning).

I have only recently moved to the area and have voted once at the site. It is good as a polling station, but I can imagine that there might be some parking problems at busy times.

Screen Name Redacted

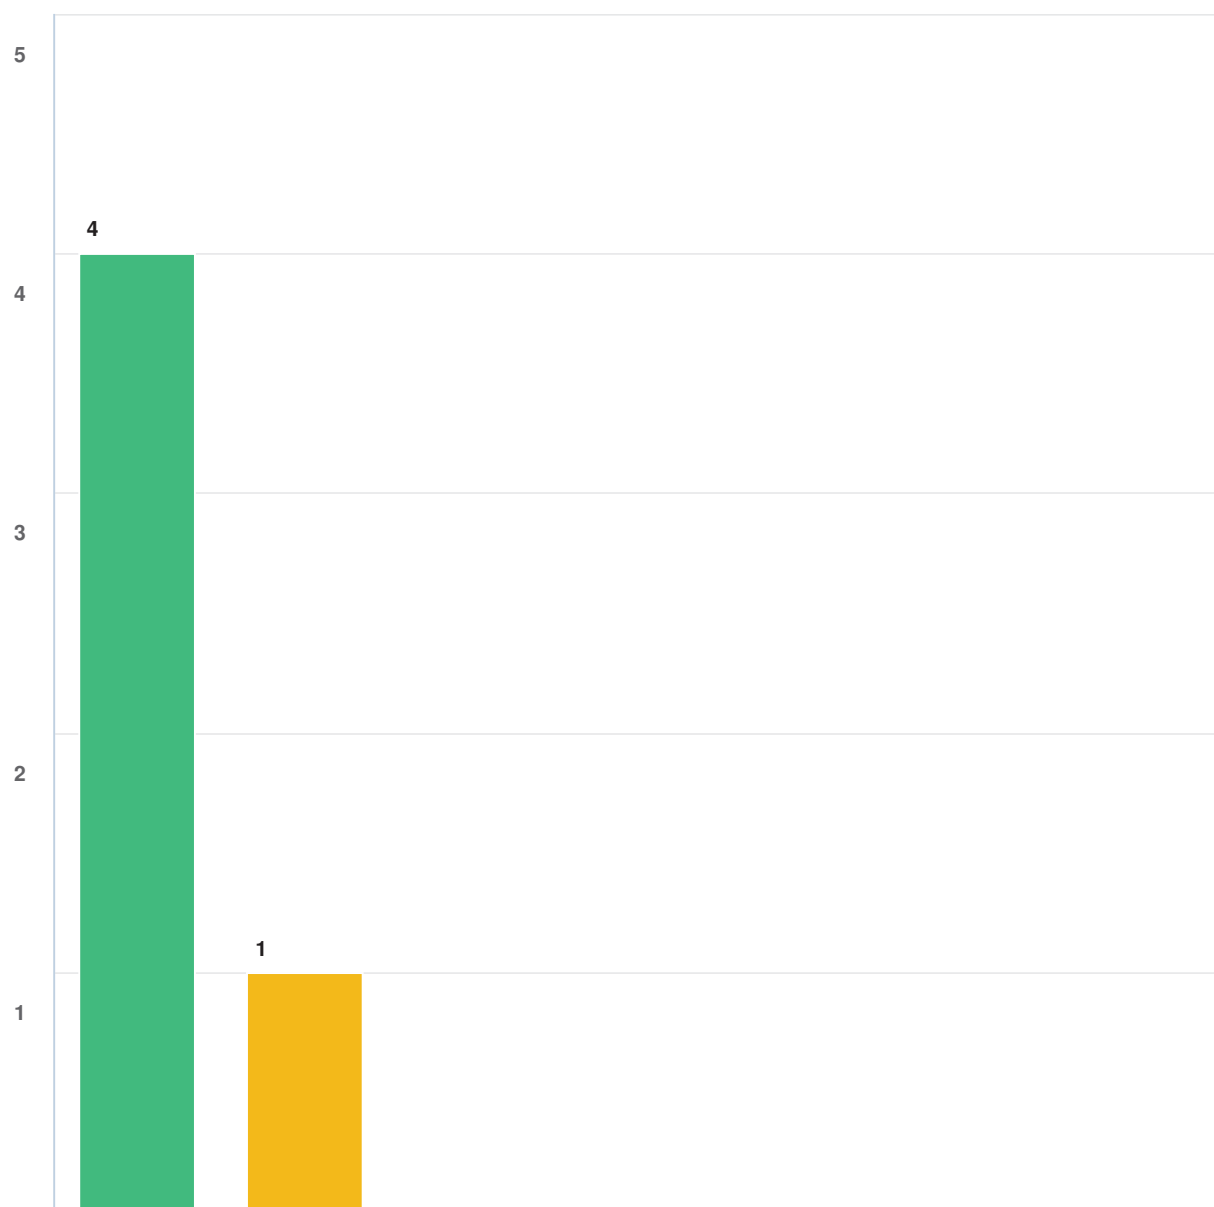

10/06/2023 02:32 PM

Chellaston Bowls Club should not use entrance on Station Road for this purpose. The only way out f Station Road by car is through the traffic lights. We are lucky if 3 cars can exit at once. Additional parked car parks block the road an make access for fire engines, ambulances and dustbin lorries impossible

Ideal site for me

Screen Name Redacted

10/06/2023 12:24 PM

This is conveniently located to vote in person who can walk to it and has parking for those who drive. it is large enough to have many people in there at one time.

Screen Name Redacted

10/17/2023 04:59 PM

I have never had a problem voting here though it is often busy luckily my address means that when inside the building I can queue jump to the table doing my street. The only concern I have is that I think that religious buildings should not be used in elections as I always think that religion and state should be separate

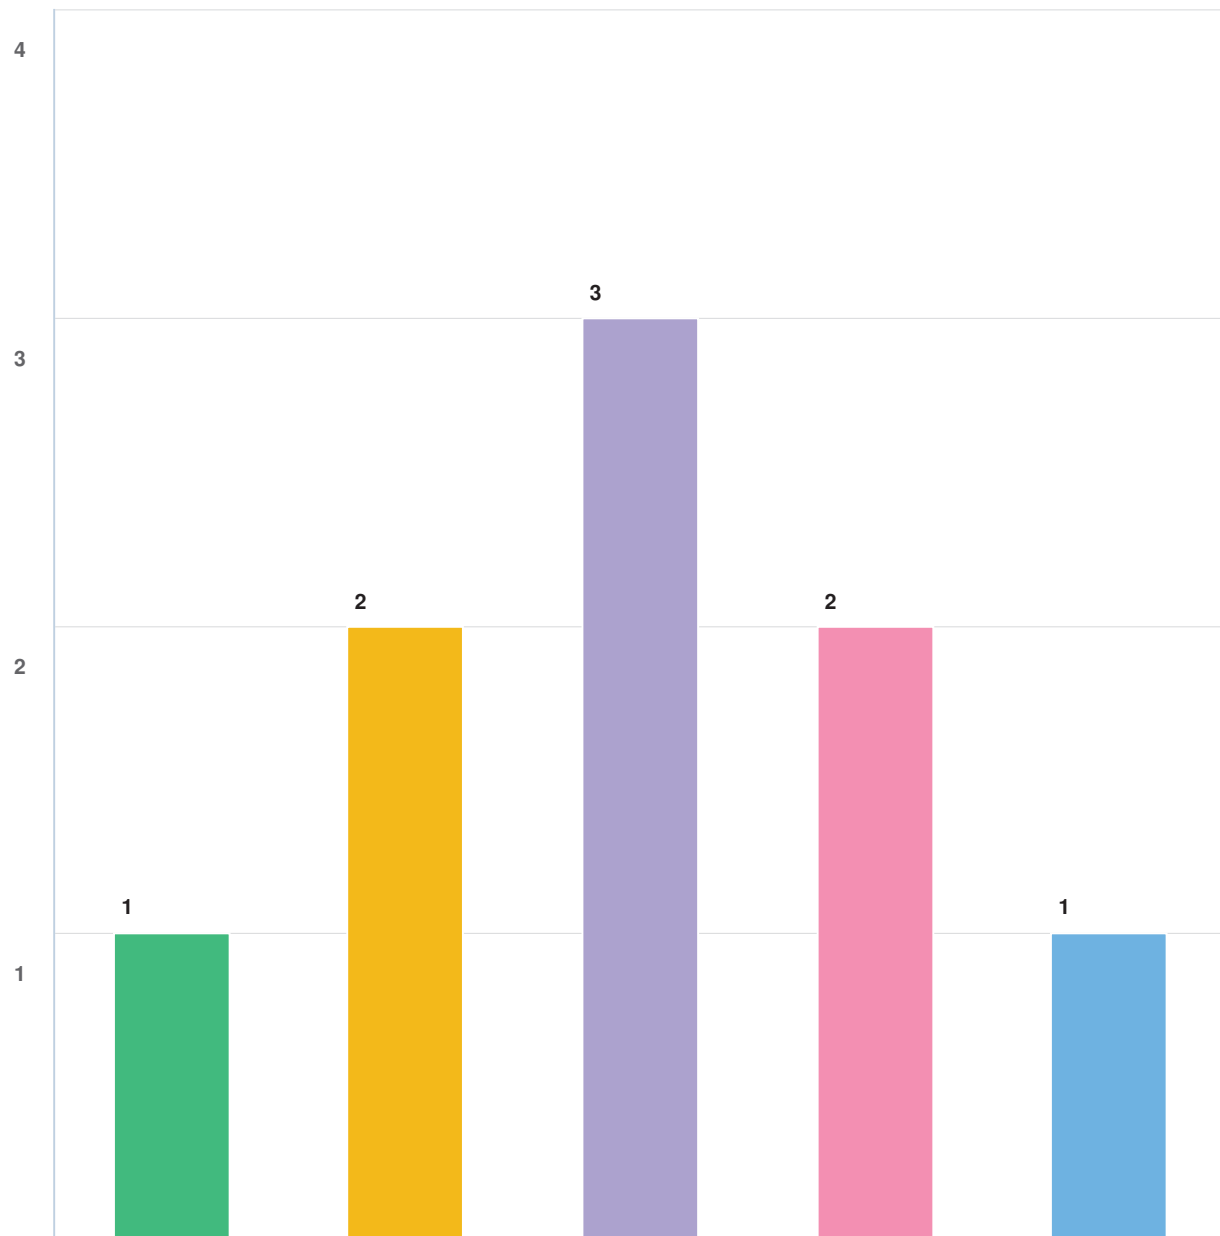

Screen Name Redacted

10/20/2023 09:58 PM

It is easily accessible, good parking, and spacious.

I have a postal vote because when we moved to Derby from Kent and registered to vote we couldn't vote as we couldn't find the place we were told to vote! The only time in my life I have not voted. Polling cards should have a map to show where they are.

Screen Name Redacted

The local primary school (Girffe Field Primary School) used to be a Polling Place which is a short walk away and a convenient location to residents of the Heatherton estate as many residents nearby would walk rather than take a car. However since past few years the my Polling Place has now moved to Haven Christian Centre which is further and also is located a few minutes away from another Polling Place Heatherton Community Centre.

These five are three addresses, two of them extremely close together, whilst a large area of the northwest and very north east of the ward have some distance to travel. I can't immediately think of a solution in these areaa of the ward but it does currently present a very ungenerous situation to a large area of the Oakwood ward.

Moving some streets from SP3 to SP4 is a sensible idea. The list of voters for SP3 is significantly bigger and electors in those wards are delayed/slower to be processed than SP4.

The church has been a polling station for as long as I can remember but recent years it's been held in a different part of the church which is fully glass from 2 sides allowing people to see in whilst you are voting. Personally I would prefer to go back to where it was before where people can't see you and possibly who your voting for from outside

Supporting the City Council's suggestion of the increased use of AS4 polling place with merger of AS6. It will make it easier for AS6 voters to vote at Field Lane Community Centre. There will be parking problems etc but will not be as bad as using Chellaston Community Centre.

I live in the CL2 area but on the north side of the Bonnie Prince estate. It may be quicker to get to Acorn Close on foot via West Avenue North, but it would be easier to access Chellaston Bowls Club or Chellaston Community Centre as we have to go by car due to my husband's mobility. Access via West Avenue North is not possible in a car.

Completely agree to keep this as a polling place. Separate comment is about voter id needed now. I think this has an impact on people going to vote, less people will vote and that does directly impact on the democratic process - very poor decision. Cannot count on people coming back later in the day if they forget their ID or even bothering to vote if they need to bring ID - legislation brought in for a miniscule number of people who may have tried to vote more than once, but now impacts on all the electorate.

Mt only concern is using a religious building as a voting centre implies that religion and state are linked. I do think that some of the streets could be moved from one sub-group to another so that all the quesses inside are the same length

Sinfin and Osmaston should be separate wards and the area of stenson fields be brought into the city. Osmaston has much more in common with the allenton area than the sinfin one and it feels 2 very detached areas from each other. Also stenson fields uses all derbys facilities really and the city residents have to use their roads to get around being separate makes no sense
