

## APPENDIX 4

### LICENSING ACT 2003

### LICENSING POLICY REVIEW 2007

### LICENSING POLICY REVIEW COMMENTS RECEIVED AND CROSS PARTY WORKING GROUP RESPONSE

| Document Number | Paragraph Number        | Comment   | Licensing Officers' Response   | Cross-Party Working Group Response  |
|-----------------|-------------------------|---|--|---|
| Licensing Team  | 5.8                     | Remove Derby Community Safety Partnership as a Responsible Authority. (left in policy in error)   | Error by Licensing Team should be corrected  | Agreed to amend   |
| Licensing Team  |                         | Include section for Disability Discrimination Act 1995 (Code of Practice?)  | See attached for full comments   | Agreed to amend   |
| LPCD0003        |                         | It is unclear where Church premises stand and what applies to them  | Licensing Officer considers this to be a general comment.  | Working Group agreed the Licensing Officer contact the contributor and give advice concerning the Licensing Act 2003. |
| LPCD0004        | A10 Para 4<br>E8 Para 3 | <p>"A condition could ensure sight of evidence of age from any person appearing"</p> <p>The above wording is not clear to me. What does it mean. Could it be re-worded?</p> | <p>The wording forms part of the guidance issued by Central Government and is there for advice only and does not form part of the Licensing Policy</p> <p>No amendments necessary.</p> | Working Group agreed – no amendments necessary.   |

## LICENSING POLICY REVIEW COMMENTS - GENERAL

| Document Number | Comments  |
|-----------------|---|
| LPCD0004        | The policy appears to be well thought through and clearly contains provisions which have been built up from experience. However, its effectiveness will only be as good as the ability to enforce licensing requirements. Real change will not happen until we change our culture for 'Vertical Drinking'. Our European neighbours appear to be able to go through most of the night socialising in the Summer months without any trouble, but then they don't drink as much. |
|                 | Working Group noted the comment   |
