Supporting information

Joint Local Health and Wellbeing Strategy

- 4.1 We reported in September a proposal to hold workshops to support the development of the Derby Joint Local Health and Wellbeing Strategy (JLWBS) between September 2023 and March 2024.
- 4.2 These workshops are now planned to take place in February/March. Members of the HWB, Place Partnership and Derby Health Inequalities Partnership (DHIP) and other key stakeholders will be invited to participate in the workshops.
- 4.3 An initial workshop will be independently facilitated and will consider the 'what' but will focus particularly on the 'how'. We know that the main challenge is not the compilation of the Strategy and its content, although we recognise the importance of ensuring its ambitions and objectives are shared and collectively developed, but in its implementation. We hope to focus on what we need in place to implement a Strategy, how we need to work, and to identify the challenges and barriers that may need to be addressed. Please look out for an invitation imminently.

HWB Forward Plan

4.3 The next HWB is scheduled for 14th March 2024, 1-3pm. Items provisionally scheduled for the agenda include:

- Healthy Weight Strategy Update
- Physical Activity Update - Sport England
- Sexual Health Services
- Healthwatch Derby - GP Access Report.

Proposals for agenda items for future meetings to be sent to alison.wynn@derby.gov.uk for consideration of the Chair.

Dates of future meetings

4.4 The May meeting is scheduled for Thursday 9th May 2024, 1-3pm. Provisional dates for 2024/25 (June 2024-May 2025) will be circulated to HWB members later this month.
