

CORPORATE PLAN

2007 - 2010

DELIVERING OUR PRIORITIES – ACTION PLAN

INTRODUCTION

Welcome to Derby City Council's Corporate Plan 2007-2010 - Action Plan. It describes how the Council manages its performance and sets out actions that we will undertake to deliver our six priorities...

- Making us proud of our neighbourhoods.
- Creating a 21st Century city centre.
- Leading Derby towards a better environment.
- Supporting everyone in learning and achieving.
- Helping us all to be healthy and active.
- Giving you excellent services and value for money.

We are committed to continuous improvement and each action is supported by measures that we will use to assess the progress that we are making.

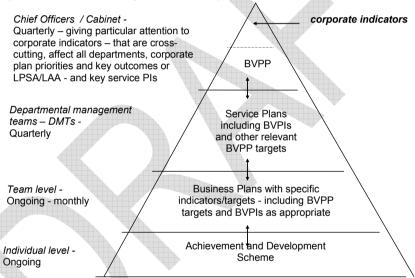

MEASURING SUCCESS

Performance management is a fundamental part of our corporate planning process. It is made up of the culture and systems that we put in place to help us manage, monitor and continuously improve our performance, and achieve our priorities.

Corporately we monitor our performance every three months, preparing performance reports for the Council's Cabinet and Chief Officer Group. We use an ICT system – Performance Eye – to help us improve the way we collect, monitor, analyse and manage performance.

The diagram below illustrates the reporting hierarchy for performance indicators according to the impact that they have on priorities. The frequency of reporting is determined by the level of management and type of indicators.

The reporting hierarchy

PERFORMANCE MANAGEMENT STRATEGY

The Council's performance management strategy outlines our approach to achieving effective performance management. The strategy includes four key aims...

- maintain an effective and fully integrated performance management framework
- develop the functionality of Performance Eye to support flexible and robust performance management
- embed a performance management culture throughout the Council
- work with partners to develop accessible and transparent performance management arrangements.

These aims support the Council's vision for performance management to...

'To have an effective and fully integrated performance management framework, underpinned by an embedded performance management culture.'

The Council reviews its Performance Management Strategy on a regular basis to make sure that it remains both relevant and meaningful. The Organisational Performance Board monitors progress on the Strategy actions.

CONTENTS

Context	Our key outcomes and actions	6
Priority 1	Making us proud of our neighbourhoods	7
	Reducing Crime and anti-social behaviour	8
	Making Derby cleaner and greener	11
	Providing greater opportunities for people to participate in decisions about the area they live in	12
	Reducing inequalities between neighbourhoods by supporting the creation of job opportunities	15
	Improving the standard and range of affordable housing	16

	Responding quickly and effectively to local needs of children, young people and their parents/ carers	47
Priority 6	Giving you excellent services and value for money	49
	Improving Council services	50
	Increasing value for money	51

OUR KEY OUTCOMES AND ACTIONS

Our key outcomes underpin our six main priorities and form the basic framework for our performance management system, our business plans, the budget process and service development more generally. Over the following pages, we describe each key outcome in detail and explain what we are going to achieve in the future.

For each key outcome, we show...

How we will achieve it – the actions we will take to meet our priority.

Officer responsible – the job title of who is responsible for the action.

Source of finance – the resources we will need to achieve the key outcome. Against each action, we have categorised the funding required to link these to our budgets.

Here are the categories used to classify funding...

- A Expected to be funded without allocating further funding beyond that in 2007-2008 budget or secured external funding.
- **B** Requires significant additional funding to be sought or confirmed by 2008-2009 budget.
- **C** Requires external funding that has not yet been confirmed.

Main measure – the main indicator we will use to measure our progress towards completing the action and achieving our key outcome.

Timescale – when we expect to achieve the action we will take.

Risks – links to strategic and operational risk registers.

Other links – where applicable, this identifies actions linked to our Local Area Agreement or our other main strategies or plans.

PRIORITY 1

Making us proud of our neighbourhoods

Improving the quality of life for local people is a key priority for the Council and its partners. We are committed to delivering local services that meet the needs and expectations of our neighbourhood areas.

We know that crime, and fear of crime, are key issues for local people and we are continuing our commitment as a lead partner in the Community Safety Partnership to reduce all types of crime by implementing Derby's Community Safety Strategy. This is reflected in our Local Public Service Agreement, which includes some key targets such as reducing criminal damage, domestic violence and violent crime.

In early 2006 we launched a new way of working. This involves neighbourhood teams, managed in partnership, working to reduce crime and make Derby cleaner and greener. Residents are being encouraged to get involved in decisions about service delivery in their local communities through improved area panels.

We are also working to improve the quality of life for local people by making homes more affordable and increasing the number of job opportunities. This commitment is supported by our Local Public Service Agreement target areas of reducing homelessness and helping remove the financial barriers to employment.

In summary, we will make us proud of our neighbourhoods, by:

- reducing crime and anti-social behaviour
- making Derby cleaner and greener
- providing greater opportunities for people to participate in decisions about the area they live in
- reducing inequalities between neighbourhoods by supporting the creation of job opportunities
- improving the standard and range of affordable housing.

PRIORITY 2 Creating a 21st Century city centre

This is a very exciting time for economic regeneration in Derby. The Derby City Growth Strategy sets a clear framework for investment and economic development across the city. Supporting the work around City Growth, the Council has helped establish Derby Cityscape, an urban regeneration company charged with spearheading the economic, social and environmental development of Derby city centre. The Cityscape

commercial opportunities for retailing, employment and leisure and better connectivity and transport services.

A number of major developments and transport projects are being moved forward, including the new Eagle Centre, QUAD and Connecting Derby. The projects are indicative of the new vision for Derby city centre and will act as a catalyst for further investment and regeneration.

Masterplan aims to provide an improved range of facilities for residents and visitors to Derby, with increased residential options, enhanced

In summary, we will create a 21st Century city centre, by:

- improving accessibility to the city centre
- · increasing economic growth and sustainable investment
- · increasing the range of open spaces and cultural facilities in the city centre

PRIORITY 3

Leading Derby towards a better environment

It is important that we take steps to care for our environment to make sure a decent quality of life for future generations. We need to work together as a city: reduce and recycle waste, utilise renewable sources of energy sources and reduce reliance on fossil fuels. We are also committed to protecting and developing the natural and built parts of our local environment

In summary, we will create a better environment, by:

- reducing the level of carbon emissions
- raising awareness of climate change and local environmental issues
- caring for Derby's heritage.

PRIORITY 4

Supporting everyone in learning and achieving

We recognise the strength of the city is linked to the education and skills of all individuals, the motivation of people to learn throughout life and the commitment of employers and learning providers. We are working with partners to promote learning as a lifelong process, striving to involve everyone and raising the self-esteem of individuals and the whole community.

Building upon work in this area, we will continue to provide additional support, training and challenge to under-performing schools and focus upon attainment levels in priority neighbourhoods. Our Local Area Agreement includes challenging targets covering attainment and inclusion and we are making good progress in both areas.

Using our strong links with partners such as Connexions and the Learning and Skills Council, we will offer a wider choice in the vocational curriculum for 14-19 year olds and work to reduce the numbers of young people not in education, employment or training, NEET.

In summary, we will encourage lifelong learning and achievement, by:

- improving educational achievement and narrowing the gaps in attainment
- providing learning opportunities to raise skills levels for all

PRIORITY 5

Helping us all to be healthy and active

We are committed to making sure that everyone in Derby has the opportunity of living a healthy and independent life in their own community.

We are working to improve our services, particularly services that focus on children, young people and vulnerable adults, while promoting equality of opportunity, good health, support, safety and guidance.

Over the coming three years, we will continue to work with the Derby City Primary Care Trust and other key partners to tackle health inequalities across the city. The Public Health Strategy and our new Physical Activity Strategy aims to reduce smoking and obesity through tailored support and improved sports and leisure opportunities available to people of all ages. This is supported by our Local Area Agreement targets focused on reducing premature death rates from stroke, heart disease and related illnesses.

We will provide better opportunities for everyone to live a healthy and independent life, particularly focusing on providing housing and social care for vulnerable people in Derby. Our new older people strategy will focus our efforts on improving the quality of life for older people and increasing choice and control.

We are also creating a dedicated service for children, led by a new Children and Young People Planning Partnership. Through this improved, integrated approach, we will deliver effective support to families and protect children from harm.

In summary, we will help us all to be health and active, by:

- improving the health and well-being of our communities
- raising the quality of social care for vulnerable and older people
- responding quickly and effectively to local needs of children, young people and their parents/ carers

PRIORITY 6

Giving you excellent services and value for money

As a 'four star' Council, we are committed to delivering excellent services and value for money.

We have a programme of improvement called Building on Excellence which helps us focus on areas of improvement. The programme aims to deliver real improvements and to change the way we deal with our customers and how we work.

To continue delivering excellent services we need to review the way we provide our services, making sure we are as efficient as possible. Providing value for money across all services will help us to keep Council Tax levels as low as possible.

In summary, we will give you excellent services and value for money, by:

- improving Council services
- increasing value for money.

Key outcome 6.1 **Improving Council services** Officer Source of Timescale/ How we will achieve it Main measure(s) Ref **Risks** Other links responsible Finance Milestone Replace the Libraries Head of Library Α June 2007 i.
