

Joint Strategic Needs Assessment - UPDATE

SUMMARY

- 1.1 Local Authorities and Clinical Commissioning Groups have an 'equal and joint' duty to prepare a Joint Strategic Needs Assessments (JSNA) for the local area. This duty is, however, to be exercised through the Health and Wellbeing Board.
- 1.2 JSNAs are assessments of the current and future health and social care needs of the local population.
- 1.3 The local JSNA relates to the geographical boundary of Derby City Council. Some associated data or needs assessments, however, are prepared at different geographies e.g. county-wide.
- 1.4 A small working group has been established and work has been carried out to identify and collate relevant data updates, local reports and needs assessments to form the core content of the JSNA. Membership will be widened to become a strategic steering group.
- 1.5 Two small professional workshops are taking place in late November to support the interpretation of the data and associated narrative.
- 1.6 JSNA web pages are in development and initial content being established. The structure of the pages is based on the life course. The pages will be 'live' in the new year.
- 1.7 The web pages will be an information and knowledge portal containing both data, local reports and needs assessments along with links to external data and information sources.
- 1.8 Derby City Council is leading on the development and implementation of a Local Information System (LIS). It is intended that the LIS will form the basis of the JSNA going forward allowing up-to-date and interactive information.
- 1.9 The JSNA will be updated on an on-going basis (rather than a one-off annual basis) updating and adding to available data to ensure it remains up-to-date. There will, however, be an annual process to support Health and Wellbeing Strategy and commissioning plan development. The planned process is outlined in Appendix 2.

RECOMMENDATION

2.1 To note the progress and development of the JSNA to-date.

REASONS FOR RECOMMENDATION

3.1 To assure the Health and Wellbeing Board in appropriately discharging its duty to produce a JSNA for its local area in accordance with the Health and Social Care Act 2012, Local Government and Public Involvement in Health Act 2007 and published guidance.

SUPPORTING INFORMATION

4.1 No further supporting information.

OTHER OPTIONS CONSIDERED

5.1 No other options considered.

Background papers:	None
List of appendices:	Appendix 1 – Implications Appendix 2 – JSNA and Associated Planning Process

IMPLICATIONS

Financial and Value for Money

- 1.1 The JSNA is an essential element of the process of identifying health and social care priorities within the city and development of commissioning plans. This helps ensure that resources are appropriately targeted in the city.

Legal

- 2.1 The Health and Wellbeing Board is statutorily required to ensure the production of a JSNA of its local population.

Personnel

- 3.1 No issues directly arising.

Equalities Impact

- 4.1 A fundamental purpose of the JSNA is to help the identification of health and social care needs across the population and sub-populations of Derby to support the identification and reduction of health inequalities.

Health and Safety

- 5.1 No issues directly arising.

Environmental Sustainability

- 6.1 No issues directly arising.

Asset Management

- 7.1 Resources will need to be appropriately managed within partner organisations to ensure suitable support in the production of the JSNA.

Risk Management

- 8.1 No issues directly arising.

Corporate objectives and priorities for change

- 9.1 The JSNA is central in supporting the planning and delivery of the Council Plan; Derby Plan; Health and Wellbeing Strategy.

JSNA and Associated Planning Process
