32/18 Social Media Policy

The Committee considered a report of the Strategic Director of Corporate Resources asking them to consider a revised Electronic Communication and Social Media Policy. The Committee were advised that the new policy would provide better protection for staff with clearer boundaries on usage and privacy of social media. It was noted that the policy did not cover use of social media by elected members.

It was confirmed that this policy had been agreed by employee working groups and Trade Unions.

Resolved to approve the new Social Media Policy for implementation subject to final ratification at CJC
