Adoption Support

Significant change in this support in 2022-2023, following Somerset judgement

CICA Team Update

- New admin co-ordinator made improvements
- More medic time for IHAs and adoption
- Upskilling / training of staff
- Pathways and processes reviewed
- Continuation of foster carer support/learning
- Nurse team diversity

Markers of Good Practice

- Assurance mechanism – ICB (formerly CCG) / Provider. Significant level of assurance gained
- Progress on previous years

New Innovation / Ideas:

- Animation films
- FASD consideration
- UASC support
- Review of Leaving Care Health Summary (inc for learning needs)

Risks / concerns

- Continued issue with dental 'home' (no longer called registration). Routine access is improving
- On-going work around timely consents
- Children placed out of area – affecting statutory compliance
- Competing demands for the health team – eg: IHAs and Adoption work
- UASC and former UASC – additional health needs
- Transition for care experienced young people
- Was not brought (work on-going)
- Designated Doctor role vacant (due to retirement)

Celebrations

- Collaboration continues to remain stronger than ever between partner agencies
- Embedding of Enhanced Case Management Meetings and impact for children / young people
- Sleep Practitioner within the team
- Impact for children and young people – making a difference
- Animation videos created
- Trust DEED awards for individuals and team

A child's story.....

Priorities for 2023/2024

- Continue to deliver and embed health promotion within the Local Authority Residential Children's Homes
- Work closely with the County Children in Care Team working towards the Joined-up Care Derbyshire Approach
- Build relationships with the leaving care team to improve support around transition
- Ensure children and young people are aware of the animation videos to explain what a health assessment is
- Markers of Good Practice Assurance Tool
- To fill the Designated Doctor vacancy
- Continue to provide opportunities for students
