

Design Intent Drawing

Drawing Number: 1-A-001

Project: Derby Wayfinding

Sign Type: City Centre Type A

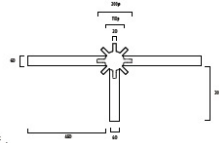

(Primary Map Point with Directional Pins)

Scale: 1:10

System: 1 City Centre

Colour: Red

- Extruded aluminium framed post, machined metal finish
- 2x Graphic panels fixed to centre post. Panels to have 6mm horizontal brushed frame with radius corners
- Each graphic panel to be double sided with double sided graphics behind the glass (top and bottom)
- 1x Directional Pin, 10mm Ø
- Stainless steel circular baseplate

General Notes

1. The signpost is to be made of extruded aluminium with a machined metal finish.

2. The signpost is to be made of extruded aluminium with a machined metal finish.

3. The signpost is to be made of extruded aluminium with a machined metal finish.

4. The signpost is to be made of extruded aluminium with a machined metal finish.

5. The signpost is to be made of extruded aluminium with a machined metal finish.

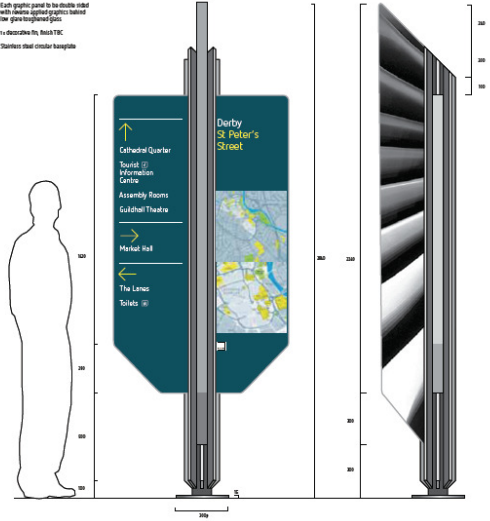

6. The signpost is to be made of extruded aluminium with a machined metal finish.

7. The signpost is to be made of extruded aluminium with a machined metal finish.

8. The signpost is to be made of extruded aluminium with a machined metal finish.

9. The signpost is to be made of extruded aluminium with a machined metal finish.

10. The signpost is to be made of extruded aluminium with a machined metal finish.

Design Intent Drawing

Design Intent Drawing

Drawing Number: 2-D-001

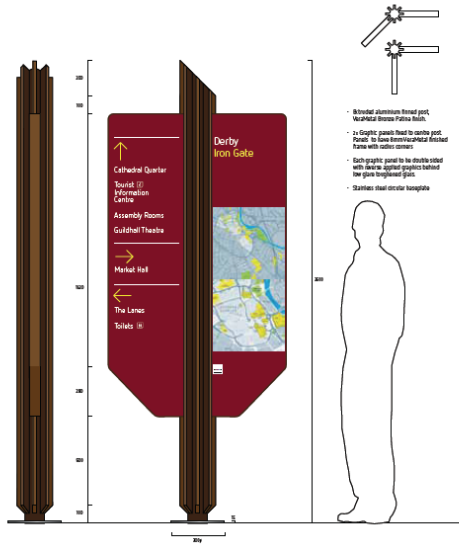

Project: Derby Wayfinding
Sign Type: Cathedral Quarter Type B (Primary Map Point)
Scale: 1:10

System 2 Cathedral Quarter
Colour: Bronze Patina

General Notes:
1. The signpost is to be made of aluminium.
2. The signpost is to be finished in a bronze patina.
3. The signpost is to be made of 6061-T6 aluminium.
4. The signpost is to be made of 10mm thick plate.
5. The signpost is to be made of 10mm thick plate.
6. The signpost is to be made of 10mm thick plate.
7. The signpost is to be made of 10mm thick plate.
8. The signpost is to be made of 10mm thick plate.
9. The signpost is to be made of 10mm thick plate.
10. The signpost is to be made of 10mm thick plate.

- Extruded aluminium threaded post, horizontal bronze patina finish.
- 10 graphic panels fixed to centre post. Panels to have bronze horizontal/vertical frames with solid corners.
- Each graphic panel to be double sided with bronze signpost graphics behind low glare translucent glass.
- Stainless steel circular baseplate.
