

Derby City Council

COUNCIL CABINET
22 January 2014

Report of the Cabinet Member for Business,
Finance and Democracy

ITEM 10

Council Tax Base for 2014/15

SUMMARY

- 1.1 The Council has to calculate its council tax base for 2014/15 as a means of raising council tax income for the 2014/15 financial year from Derby council tax payers.
- 1.2 The tax base is an estimated figure of the number of domestic properties in terms of 'band D' in the Council's area during the financial year concerned. It is used to determine a headline charge for band D properties in the city. Charges for other bands are calculated as defined fractions of the headline charge.
- 1.3 Changes arising from the Government's Welfare Reform programme (specifically the replacing of council tax benefit with local council tax support) and the decision to give local authorities greater discretion over the reliefs from council tax available in respect of second homes and some empty properties will continue to have a significant impact on the Council's tax base.
- 1.4 The proposed council tax base for 2014/15 is 62,419.06 band D equivalent properties compared with the 2013/14 council tax base of 61,622.88. This represents an increase of 796.18 band D equivalent properties.

As well as taking into account the changes mentioned in paragraph 1.3, the tax base also includes a prudent estimate of the number of newly built homes between 1 December 2013 and 31 March 2015 that will add to the tax base.

RECOMMENDATION

- 2.1 To approve the council tax base for the year 2014/15 as 62,419.06 band D equivalent properties in accordance with The Local Authorities (Calculation of Council Tax Base) (England) Regulations 2012 (SI 2012/2914).
- 2.2 That in accordance with the methodology and estimates shown at Appendix 2, Cabinet recommends to approve this calculation to Council at their meeting on 29 January 2014.

REASONS FOR RECOMMENDATION

- 3.1 Agreeing the council tax base is the first step in the process of setting the council tax

to be collected in 2014/15 and is an essential part of establishing the 2014/15 budget.

SUPPORTING INFORMATION

- 4.1 The calculation of the council tax base for the City is a key stage in the budget setting process and will form the basis for the council tax charge for the Council’s council tax payers for 2014/15. The tax base has to be notified to Derbyshire Police Authority and Derbyshire Fire Authority by 31 January 2014 so that they can set their precept for all the council tax payers in Derbyshire.
- 4.2 The tax base is an estimated figure of the number of domestic properties in terms of band D in the Council’s area during the year. It is used to determine a headline charge for band D. Charges for other bands are calculated as defined fractions of the headline charge.
- 4.3 By law, the Council must calculate its council tax base for 2014/15 by no later than 31 January 2014.
- 4.4 The tax base calculations are shown at Appendix 2, which shows our estimated tax base to be 64,019.55 band D equivalent properties. Applying the non-collection allowance of 2.5% to the estimated tax base gives a rounded band D equivalent tax base of 62,419.06 to two decimal places.
