Consultation on the 2008/09 Highways and Transport Work programme

During 2006 and early 2007 consultation was undertaken with Area Panels as part of the process of developing the highways and transport work programme for 2007/08. The schemes included in the work programme are largely funded from capital budgets allocated through the Local Transport Plan, LTP, and process.

Following the consultation, at the March/April 2007 round of Area Panels we provided details of the schemes included in the 2007/08 highways and transport work programme in each Ward. The full programme was approved by Council Cabinet on 20 February 2007.

Following a Council review of the current arrangements for area and neighbourhood working, it is proposed that a new framework will be introduced which transforms Area Panels into Neighbourhood Forums in each of the Council's 17 Wards.

The move to the new neighbourhood framework means that this year we will be seeking the views of Ward Councillors and residents through the Neighbourhood Forums and Neighbourhood Boards on the issues they feel need to be focused on and transport schemes or initiatives we could consider implementing to try and address them.

The consultation with Neighbourhood Forums and Neighbourhood Boards will form part of the way in which we develop the detailed highways and transport work programme for the 2008/09 financial year. We will also consult with other groups and organisations across the city.

A final programme will be presented to Council Cabinet for approval in February 2008.

A report will be presented to Neighbourhood Boards in March/April 2008 outlining the elements of the Council Cabinet approved Highways and Transport Work Programme 2008/09 within their Ward. For more information contact Michelle Spamer, Area Coordination Officer, 01332 715064

This Event Diary has been produced by **Sarah Dosunmu, Area Panel Manager, Derby Community Safety Partnership, St Peter's House, Gower Street, Derby.** Tel 258501, or e-mail sarah.dosunmu@derby.gov.uk
