Date: 31 January 2008

## Title: REGENERATION OF ROSE HILL

### Aim of report/presentation

To provide information to the diversity forums at the high-level master planning stage of planning for housing-led regeneration in the Rose Hill area. To engage and to seek their views on the options, prioritisation of projects and implementation of measures within the remit of the proposed regeneration programme. Also to set out clear milestones/ project stages and principal issues upon which the forums will be engaged.

### Questions for discussion

*It would help us if you could come to the meeting prepared with your responses to the following questions...*

1. Would you be prepared to play a part in deciding what happens in Rose Hill? *For instance 'resident implementation groups' could be formed.*
2. Is there any particular proposal for Rose Hill that you would like to become involved with? *For example, selecting a developer for new housing.*
3. How would you prefer information and updates on the project to be issued? *This could be through a regular newsletter or at meetings set up especially for the project.*
4. Is there anything the Council could do differently regarding this project?
5. Have you any ideas or issues that relate to 'the regeneration of Rose Hill' that the Council seems not to have covered?

### Your say...

*Do you have any questions you would like to ask about the report/presentation or generally about the item being discussed?*
