Performance Plan 2021/22

Purpose

- 1.1 The Executive Scrutiny Board has responsibility for monitoring corporate performance, to support the delivery of improved outcomes for the city.
- 1.2 To provide the Board with an opportunity to review and agree the Performance Plan 2021/22.

Recommendations

- 2.1 To consider and agree the performance items identified for consideration by the Board as part of the Performance Plan 2021/22 as shown at Appendix 1 and make any amendments to the plan as agreed by the Board.
- 2.2 To note the draft Overview and Scrutiny Review Boards work plans for 2021/22, as presented in Appendix 2.

Reasons

- 3.1 To ensure robust performance monitoring and challenge, enabling the Board to take remedial or further investigative action supporting improvements in priority areas.
- 3.2 To allow the Board to discuss specific issues around performance and make relevant comments, recommendations and suggestions for future actions to resolve issues around performance.

Supporting information

- 4.1 Corporate performance reports, which provide an overview of progress against priority milestones, measures, projects and strategic risks are considered by Council Cabinet and the Executive Scrutiny Board four times a year.
- 4.2 In August 2021, members of the Executive Scrutiny Board supported proposals to consider performance items at each meeting.

- 4.3 Due to the time challenges of covering a performance item, alongside Cabinet papers, a number of the performance items have been deferred.
- 4.4 To make sure that there is appropriate scrutiny of cross-cutting matters it is proposed that some of the performance items are recommended by the Board for consideration by the relevant Overview and Scrutiny Review Board (**Appendix 1 and 2**).
- 4.5 A Performance Surgery will be hosted in early 2022 (date to be confirmed), to consider the topic; “Demand and the impacts of COVID-19 on services“, as this is still considered appropriate for the Executive Scrutiny Board to discuss.
- 4.6 At each meeting, Executive Scrutiny Board will receive the latest work plans for the supporting Overview and Scrutiny Review Boards, to ensure appropriate oversight and alignment of performance matters (**Appendix 2**).
- 4.7 The Board will also retain responsibility for making recommendations for performance items to be considered by an Overview and Scrutiny Review Board, or at a Performance Surgery, based on the latest insight received in meetings including the quarterly performance monitoring reports.
- 4.8 At its meeting on 7 December 2021, the Board resolved the following:
 - 1. To approve the proposals, set out in Appendix 1, to progress the Executive Scrutiny Board 2021/22 Performance Plan, which was approved in August 2021.
 - 2. to recommend that the performance items identified at Appendix 1 for referral are included on the work programmes of the relevant Overview and Scrutiny Review Boards for 2021/22; subject to climate change being referred to all scrutiny review boards.
 - 3. to note the draft Overview and Scrutiny Review Boards work plans for 2021/22, as presented in Appendix 2.
