Derby City Council

Dear Sir/Madam

Town & Country Planning Act 1990

Tree Preservation Order 2004 Number 411

Derby City Council (55 Marley Rd)

I object to this order on the following grounds:

- I suspect that this Willows may have caused problems in my home. When I bought my property there were bad cracks to internal walls & ceilings which I have had repaired. I was unaware at that time what damage

Willow trees can do to property - plus, in high winds there is a lot of debris.

- I am also concerned about the future growth over my property. Approx. 2 years ago, Mr Cheetham kindly had a branch taken off the Willow behind my property. Already that tree is over my boundary again. He also had a lot of work done on the other Willow which badly affected my neighbour at No. 30. That tree had grown over her garden & was at a level with her roof. I fear the same could happen with "my" tree.

I am aware of the amenity value of trees and I approve that - where they cause no problems to people & property. There are other trees that can be seen by people well enough on Mr Cheethams property. I hope that you will take this into

consideration when making your decision

Yours faithfully

Mrs J Holland.

(MRS J HOLLAND)
