27/19 Renewal of Contracts for Approved Testing Stations

The Committee considered a report from the Director of Public Protection and Streetpride informing them that the existing contracts, for Council approved testing stations, for hackney and private hire vehicles were due to expire on 31 July 2020. In accordance with the Council's Contract Procedure Rules a contract tender process must be undertaken.

The Committee were informed that five garages were originally approved under this current contract period. However, there have been four approved testing stations routinely undertaking the testing of vehicles. The fifth garage did not respond in time when the contracts were extended by 12 months in 2019.

Members questioned how rigorous the testing of these garages was and if checks were routinely undertaken. The Head of Environmental Protection, Housing Standards, Licensing, Emergency Planning and Business Continuity confirmed that to even be considered to be a Council approved testing station garages have to already be a registered MOT testing station. Before a contract is awarded inspections and auditing exercises are undertaken. Once a garage is approved they then have to undergo training with the Council. It was also confirmed that if any defects are found on taxis the Council will chase back to where the vehicle was inspected and did keep records.

Resolved to:
