

## Meet Mikey

When I moved into my offsite property I didn't have any idea of what I wanted to do so I started going to the allotment with Ant and Sharna who were a big help in helping me stop cannabis so I want to thank them for continuously supporting me.

In March I started the Toyota Working Assets Programme. Currently I am half way through my work experience where I am in the security sector and I'm really enjoying myself.

Since March there have been many people who have helped me stay on the right path so I want to take this time to thank them. David and Claire for always being there for advice, Ant and Sharna for never giving up on me, Aimee and Al for making

**iMatter**

sure I maintain my property, my friends and family for whom I don't think I'd be here now. There are many more people i.e. Caroline for being someone to talk to and to Monos who welcomed me like their own.

*"There have been many people who have helped me stay on the right path "*

*Mikey benefits from our Y-Steps Project which specialises in enabling 18-35 year olds to move on from supported accommodation to managing their own home*
