Working for the Council – employment statistics 2007/2008

Aim of report/presentation

Here is our booklet on the 2007/2008 equality employment statistics. The statistics cover recruitment and selection, workforce profile, training and development, disciplinary, grievances, and improving employee performance and moving forward with equality aims and objectives. The equality employment objectives have been lifted from the 2006/2007 statistics report as they relate to 2008/2009. A progress report on these objectives will be presented to the November meeting.
