### **Non-Key Decisions**

04/06 Review of the City of Derby Local List of Historic or Architectural Importance

The Cabinet Member considered a report from the Corporate Director, Regeneration and Community which stated that Derby's Local List was out of date and that an up to date List was important for development control and related purposes and would be a valuable environmental education resource. It was proposed that the List be comprehensively reviewed through a process involving local people and an advisory Local List Panel made up of local experts and practitioners. The Panel's purpose was to advise the Cabinet Member about the suitability of buildings for inclusion in the revised List.

Councillor Travis expressed support for the review on behalf of the Liberal Democrat Group.

**Resolved to carry out a comprehensive review of the City of Derby Local List of Buildings of Historic and Architectural Importance as outlined in paragraphs 4.7 – 4.9 of the report.**
