Non-Key Decisions

24/07 Policy on the use and hire of Supported Living
Community Rooms

The Cabinet Member received a report outlining Derby Homes' proposal on the policy for the use and hire of community rooms in supported living schemes, which had already been approved by local boards. The policy aimed to clarify the use, charges and structure of community rooms.

It was noted that there was currently no provision in the report for a review of the policy, but it was agreed that this would be useful. It was also noted that the report made special mention that community rooms could not be used for storing motorised scooters. It was felt that this could be taken into account during future improvements to community facilities.

Resolved:

- 1. to note the report and approve the policy**
- 2. to review the policy in 18 months time.**
