Officer

## City Centre Vision – Emerging Ambition Document

### Purpose

- 1.1 To discuss and put forward comments on the new vision for Derby City Centre 'Ambition' document (Appendix 1).

### Recommendation

- 2.1 That the document be discussed, and recommendations be put forward within the meeting.

### Reason

- 3.1 To review the draft document and give comments which will be considered as part of the public consultation responses.

### Supporting information

- 4.1 The draft document 'Ambition' has been published, which is the first stage in developing a new vision for Derby city centre.

The launch of this document marks the start of a conversation about the long-term future of the city centre, and the City Council are keen to get feedback on the issues raised in the document and the ideas we have identified.

This document is before Conservation and Heritage Advisory Committee for their comments as a group. There is still opportunity for individuals/ individual groups to comment direct within the 12 weeks consultation which started on the 8<sup>th</sup> June.

The Ambition document is available to view on the Council's '[Let's Talk Derby](#)' platform, which also allows individuals or groups to share your ideas, views, and knowledge. Alternatively, you can write / email your feedback to us using the contact details in the 'Getting Involved' section of the document.

More information about the document, the conversation and the [Let's Talk Derby](#) platform is included in the latest newsletter – see attached.

There is a wish to get feedback from a broad range of stakeholders and encourage you to spread the word about the Ambition document and the launch of the conversation.

## Public/stakeholder engagement

5.1 None.

## Other options

6.1 None.

## Financial and value for money issues

7.1 None.

## Legal implications

8.1 None.

## Climate implications

9.1 None.

## Other significant implications

10.1 None.
