14/17        Strategic Cycling Partnership Agreement –  
                 Memorandum of Understanding

The Cabinet Member for Neighbourhoods and Public Protection considered a report of the Strategic Director for Communities and Place to approve a memorandum of understanding relating to the long term collaboration of strategic cycling partners in Derbyshire.

The Sustainable Transport Group Projects Officer reported that the City Council already plays a key role in supporting cycling and has well aligned planning and transport policies.

The Cabinet Member was informed that in January 2016 the City Council hosted the launch of the Derbyshire Cycling Plan at Derby Arena. The plan aims to make Derbyshire the most connected and integrated county for cycling by 2030. It was further reported that to deliver the outcomes of the plan a more defined partnership agreement has been developed and approval is sought from all partners to take this forward. The plan is already supported by a number of partners who make up the Derbyshire Strategic Cycling Plan Group. This includes all Derbyshire Councils, key cycling organisations including Sustrans, British Cycling and Derbyshire Sport and other relevant bodies such as Marketing Peak District and the National Forest Company.

The Cabinet member was further informed that the group have developed a more detailed set of priorities, objectives and responsibilities to underpin long term collaboration between partners on cycling matters. This Memorandum of Understanding is included in the report and formal approval is sought from the Cabinet Member to demonstrate the Councils commitment to the Derbyshire Cycling Plan and future engagement in meeting the aspirations set in the plan.

The Cabinet Member was happy to agree the recommendation as outlined in the report and to sign the Memorandum of Understanding at the meeting to formalise this agreement and demonstrate the Councils commitment to the Derbyshire Cycling Plan.

**The Cabinet Member resolved to approve a memorandum of understanding relating to the long term collaboration of strategic cycling partners in Derbyshire.**
