Report of the Chair of the Adult Social Services and Health Commission

FURTHER DEVELOPMENT OF HOME CARE SERVICES

RECOMMENDATION

- 1.1 To consider and comment on the proposal to further develop home care services.

SUPPORTING INFORMATION

- 2.1 The attached report was considered by the Cabinet Member for Adult Services at his November meeting. This proposes a major change in the provision of home care services and could have significant impact on service provision to older people in long time to come. I therefore felt the Commission should have the opportunity to consider this report and submit its comments where appropriate.
