

DERBY CITY COUNCIL

## SCRUTINY MANAGEMENT COMMISSION 29 JANUARY 2008

Report of the Chair of the Scrutiny Management Commission

### Analysis of Council Cabinet Forward Plan items for 2007

#### RECOMMENDATION

1. That the Commission consider the results of the review of the 2007 Forward Plan and in the light of the information contained in the review report agree how they wish to implement the resolutions made at the Scrutiny Management Commission meeting on 18 September 2007.

#### SUPPORTING INFORMATION

##### Background to the Report

2. At its meeting on 18 September 2007 the Scrutiny Management Commission (SMC) considered the use being made of the Forward Plan and resolved:
  - i) to include the Forward Plan as a standard retrospective scrutiny item at future meetings to ensure that all reports were reported correctly and within the correct time frames
  - ii) to request a monthly analysis of Forward Plan items that do not appear on the Forward Plan for four months with an explanation of why not
- 2.2 In response to these resolutions the Co-ordination Officer has undertaken an initial analysis of the Forward Plan for 2007.
- 2.3 Appendices 2 and 3 of this report contain extracts from the regulations and the guidance relating to the provision of Forward Plans. The review report contained in Appendix 4 details the outcomes of the analysis and shows that 50% of the decisions on Forward Plan items in 2007 were made by Council Cabinet within one month of the item being placed on the Forward Plan.
- 2.4 In the light of the information contained in the report, Commission members are asked how in practice they wish to implement the resolutions made at the Commission meeting on 18 September 2007.

## Appendix 1

### IMPLICATIONS

#### Financial

1. None arising from this report.

#### Legal

2. The requirement of a local authority to prepare a Forward Plan and the way in this must be done is contained in Sections 12 to 16 of the Local Authorities (Executive Arrangements) (Access to Information) (England) Regulations 2000 (No3272). Sections 12-16 of these Regulations are reproduced in Appendix 2.

#### Personnel

3. None arising from this report.

#### Equalities impact

4. There will be equality issues associated with certain Forward Plan items.

#### Corporate Objectives

5. This report has the potential to link with all the Corporate Objectives,

**Local Authorities (Executive Arrangements) (Access to Information)  
(England) Regulations 2000 (No3272)**

**Publicity in connection with key decisions**

12.(1) The executive leader or, as the case may be, the section 11(2) mayor or the council manager shall instruct the proper officer to publish, in accordance with paragraph (2), a document which states -

- (a) that key decisions are to be made on behalf of the local authority;
- (b) that a plan (to be known as the "forward plan") containing particulars of the matters in respect of which those decisions are to be made, will be prepared on a monthly basis by the local authority;
- (c) that a forward plan will contain details of the key decisions likely to be made by the local authority for the four month period following the publication of the forward plan;
- (d) that each current forward plan may be inspected at all reasonable hours and free of charge at the local authority's offices;
- (e) that each forward plan contains a list of the documents submitted to the decision makers for consideration in relation to the matters in respect of which decisions are to be made;
- (f) the address from which, subject to any prohibition or restriction on their disclosure, copies of, or extracts from, any document listed in the forward plan is available;
- (g) that other documents relevant to those matters may be submitted to the decision makers;
- (h) the procedure for requesting details of those documents (if any) as they become available; and
- (i) the dates in each month in the following twelve months on which each forward plan will be published and available to the public at the local authority's offices.

(2) The document referred to in paragraph (1) shall be published -

- (a) in at least one newspaper circulating in the area of the local authority; and
- (b) annually, on a date at least 14 days, but not more than 21 days before the first forward plan of that year comes into effect.

## **Forward plans**

- 13(1)** A forward plan shall be prepared, in accordance with this regulation and regulation 14, by the executive leader or, as the case may be, by the section 11(2) mayor or the council manager.
- (2) A forward plan shall contain details of all the matters likely to be the subject of key decisions in the relevant authority for a period of four months; and the first such plan shall have effect from the first working day of any month.
- (3) A forward plan shall be updated on a monthly basis, and a new forward plan produced at least 14 days prior to the first day upon which the forward plan will come into effect, with any outstanding matters contained in the previous forward plan being included in the latest forward plan.
- (4) The most recent forward plan shall be taken to have superseded any earlier plan or, as the case may be, each earlier plan.

## **Content of the forward plan**

- 14(1)** Each forward plan shall contain, as regards each matter referred to in regulation 13(1) such of the particulars specified in paragraph (2) as are available when the plan is prepared or which the person preparing it may then reasonably be expected to obtain.
- (2) The particulars referred to in paragraph (1) are –
- (a) the matter in respect of which the decision is to be made;
  - (b) where the decision maker is an individual his name, his title if any and, where the decision maker is a decision making body, its name and a list of its members;
  - (c) the date on which, or the period within which, the decision is to be made
  - (d) the identity of the principal groups or organisations whom the decision maker proposes to consult before making the decision;
  - (e) the means by which any such consultation is proposed to be undertaken;
  - (f) the steps that may be taken by any person who wishes to make representations to the local authority executive or to the decision maker about the matter in respect of which the decision is to be made, and the date by which those steps are to be taken; and

- (g) a list of the documents, submitted to the decision maker for consideration in relation to the matter in respect of which the decision is to be made.

(3) Where, in relation to any matter -

- (a) the public may be excluded under regulation 21(1) from the meeting at which that matter is to be discussed; or
- (b) documents relating to the decision need not, because of regulation 21(5), be disclosed to the public,

the forward plan shall contain particulars of the matter but may not contain any confidential or exempt information or particulars of the advice of a political adviser or assistant.

### **General exception**

**15(1)** Where the inclusion of a matter on the forward plan is impracticable and the matter would be a key decision, that decision shall only be made -

- (a) where the proper officer has informed the chairman of the relevant overview and scrutiny committee or, if there is no such person, each member of the relevant overview and scrutiny committee by notice in writing, of the matter about which the decision is to be made;
- (b) where the proper officer has made available at the offices of the local authority for inspection by the public a copy of the notice given pursuant to paragraph (a); and
- (c) after three clear days have elapsed following the day on which the proper officer made available the notice referred to in sub-paragraph (b).

(2) Where paragraph (1) applies to any matter, regulation 14 need not be complied with in relation to that matter.

### **Cases of special urgency**

**16(1)** Where the date by which an executive decision that would be a key decision must be made, makes compliance with regulation 15 impracticable, the decision shall only be made where the decision maker has obtained agreement from -

- (a) the chairman of the relevant overview and scrutiny committee; or
- (b) if there is no such person, or if the chairman of the relevant overview and scrutiny committee is unable to act, the chairman of the relevant local authority; or

- (c) where there is no chairman of either the relevant overview and scrutiny committee or of the relevant local authority the vice-chairman of the relevant local authority,

his agreement that the making of the decision is urgent and cannot reasonably be deferred.

## **Appendix 3**

### **Guidance on Accountable Decision making**

The following pages have been extracted from the DETR publication 'New Council Constitutions – Guidance Pack Volume 1' (Chapter 7) and contain the current guidance to local authorities on accountable decision making. Paragraphs 7.1 to 7.29 set out the guidance on the content, format and purpose of the Forward Plan. Those paragraphs of the guidance which are marked with a tick refer to the statutory requirements of the controlling legislation.

## Appendix 3

# Accountable decision making

## General background

✓ 7.1 The principal aims of executive arrangements are to make decision making more efficient, transparent and accountable so that local authorities can be more open and responsive to the needs and aspirations of the communities they serve. Central to executive arrangements there will need to be effective access for the public to decision making and decision makers. The key characteristics of effective access which local authorities should follow are:

- it is publicly known who is responsible for decisions;
- it is publicly known what decisions they are planning to take;
- people know how they can make an input to those decisions and at what point in the process they can best influence them;
- people have access to information about decisions;
- people know what decisions have been taken and the reasons for them; and
- significant decisions should not be a surprise to those whom they affect.

✓ 7.2 Key decisions which have significant effects within the community or on interests outside the local authority will need to be identified and properly consulted on. Such key decisions may be delegated to various bodies within the local authority, including officers but, no matter who is taking the decision, the same principles should apply.

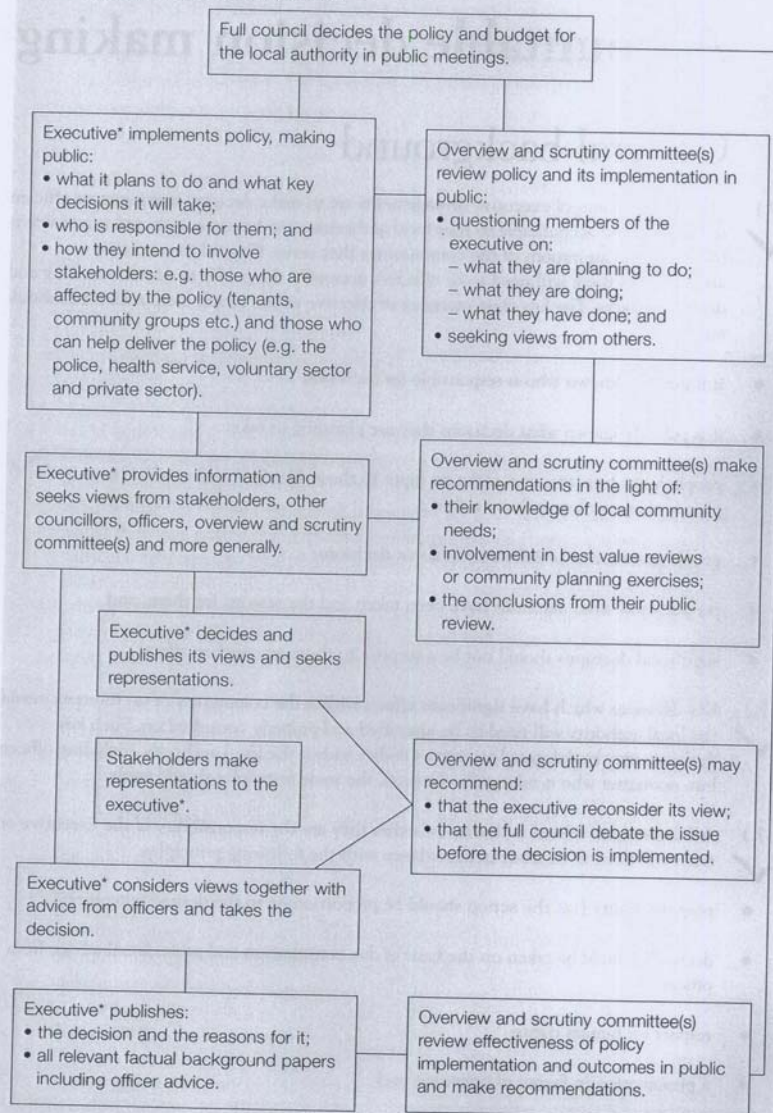

✓ 7.3 All decisions of a local authority (whether they are the responsibility of the executive or not), will need to be made in accordance with the following principles:

- proportionality (i.e. the action should be proportionate to the desired outcome);
- decisions should be taken on the basis of due consultation and professional advice from officers;
- respect for human rights;
- a presumption in favour of openness; and
- clarity of aims and desired outcomes.

7.4 Figure 7.1 provides an overview of how this is to be achieved.

**FIGURE 7.1:**

**OPENNESS IN DECISION MAKING**

\* elected mayor, another member of the executive, the executive collectively, or a committee of the executive as the case may be.

## Decisions of the full council

- 7.5 The policy framework and budget will be set by the full council, meeting in public (see chapter 2). The executive will make recommendations to the full council at that public meeting and it will, of course, also be open to members of overview and scrutiny committees and other members of the local authority to make recommendations at that meeting. Part VA of the Local Government Act 1972, as modified by the Local Government Act 2000, will continue to apply to meetings of the authority.
- 7.6 Development and agreement of this policy framework should be an inclusive process involving the public and other local stakeholders as well as all councillors.

## Advance notification of decisions of the executive

- 7.7 The executive is responsible for delivering the local authority's policy framework either through taking decisions individually or collectively in respect of functions which are the responsibility of the executive or through delegation of decisions to officers, particularly for day-to-day operational and management decisions, and to area committees etc.
- 7.8 The Local Government Act 2000 (Constitutions) (England) Direction 2000 requires a local authority to include as part of its constitution the scheme of delegations (within and outside the executive) for functions which are the responsibility of the executive. This scheme of delegations will have to include a description of those functions exercisable by the executive collectively or a committee of the executive, making clear the membership of each body. It will also have to include a description of those functions exercisable by individual executive members, stating which individual is responsible for what and those functions which have been delegated to an officer stating the title of the officer. This would not include any powers exercisable by an officer for less than six months. In addition, there will need to be a description of those functions which have been delegated to area committees (if any) or are the subject of joint arrangements with, or have been delegated to another local authority, again making clear the details of the body who is exercising that function.
- 7.9 The constitution will be a publicly-available document but local authorities should ensure in addition that the scheme of executive delegations is separately available in summary form to the public on request. This should be sufficiently clear to allow the public to know broadly who is responsible for which decisions within the executive and how they can be contacted.
- 7.10 With a move to a new constitution, there should be greater dialogue between all councillors, the public and other stakeholders than has often been the case in the past. Wide participation is essential to an effective local authority. Local authorities will need to ensure that people know what decisions are planned and how they can influence those decisions. In addition, the executive will need to ensure that any decisions it takes are consistent with the agreed policy framework and take into account the needs and aspirations of the local community.

- ✓ 7.11 To underpin these principles of greater accountability and transparency, regulation 13 of the Local Authorities (Executive Arrangements) (Access to Information) (England) Regulations 2000 require the executive to set out its programme of work in the coming four months, as far as it is known, in a forward plan. The first such forward plan should be prepared as soon as is reasonably practicable after the authority has adopted executive arrangements. Regulation 12 requires an annual statement to be published by the proper officer of the local authority giving notice of when forward plans will be published for the coming year, explaining what a forward plan is and how it can be obtained from the local authority.
- ✓ 7.12 The Regulations require the forward plan to be made publicly available and in particular a local authority executive should ensure that it is made available to the relevant overview and scrutiny committee at least two weeks in advance of the commencement of the period covered.
- 7.13 The forward plan, which will need to be updated each month on a rolling basis, will, in accordance with regulation 14 of the Local Authorities (Executive Arrangements) (Access to Information) (England) Regulations 2000 have to set out:
- a short description of matters under consideration and when key decisions are expected to be taken;
  - who is responsible for taking the decisions and how they can be contacted;
  - what relevant reports and background papers are available; and
  - how and when the decision maker intends to involve local stakeholders in the decision making process.
- ✓ 7.14 The timing of the publication of the plan should have regard to the cycle of meetings of overview and scrutiny committees and electoral cycles (the forward plan should not bind an incoming new administration although it would be useful to make clear what issues will be in the "in-tray" of any incoming executive). The forward plan cannot be an exhaustive list of all decisions but it should give an indication of those decisions which it is known the executive will need to consider in the coming period, as well as relevant decisions which will be delegated by the executive to officers or to devolved structures.
- 7.15 Regulation 8 of the Local Authorities (Executive Arrangements) (Access to Information) (England) Regulations 2000 sets out the definition of decisions which must be included in the forward plan (i.e. key decisions). The definition is a two-stage test.
- 7.16 Any decision in relation to an executive function which results in the local authority incurring expenditure which is, or the making of savings which are, significant having regard to the local authority's budget for the service or function to which the decision relates, is a key decision.
- ✓ 7.17 It will be for the potential decision-maker to decide, in any one case, whether a decision to be taken is likely to involve significant expenditure. In order to assist potential decision-makers within a local authority reach consistent and demonstrative objective judgements and to ensure the public are clear about what is regarded as significant locally, the local authority should agree as a full council limits above which items are significant. The agreed limits should be published. A local authority is able to set different thresholds for different services or functions, bearing in mind the overall budget for those services and functions

and the likely impact on communities of each service or function. A decision involving expenditure or saving above the limit for the service or function concerned would be a key decision.

- 7.18 ✓ In setting such thresholds, a local authority will need to bear in mind the underlying principles of accountable decision-making that there should be a presumption towards openness so that local people have knowledge sufficiently in advance of all those decisions which will be of genuine concern to local communities. In particular, local authorities will need to ensure that there is a consistency of openness between neighbouring local authorities at the same tier. Thus, whilst there may be a higher threshold set for certain matters in a large metropolitan local authority than in a small shire district operating executive arrangements, there should not be a wide discrepancy of approach, for example, between similar districts within a county or between neighbouring metropolitan boroughs.
- 7.19 Following consultation, the Secretary of State believes local authorities are best placed to make the choice as to what constitutes a key decision for this purpose. The Secretary of State plans to review the access to information regime for councils during 2002 at the same time as preparing for the implementation of the Freedom of Information Act in local government. As part of this, the Secretary of State will work with authorities and the LGA to identify best practice in defining what is a key decision.
- 7.20 ✓ The second test for a key decision focuses on those decisions which are not likely to involve significant expenditure or savings but which nevertheless are likely to be significant in terms of their effects on communities. The Regulations require that a decision which is likely to have a significant impact on two or more wards or electoral divisions is a key decision. Nevertheless, local authorities should, unless it is impracticable to do so, specify that they will treat as if they were key any decisions which are likely to have a significant impact on communities in one ward or electoral division. For example, a council should regard as key a decision to close a school or carry out roadworks (such as introducing or altering traffic calming measures) in a neighbourhood, notwithstanding the thresholds of financial significance and that there may be an impact in only one ward. Where a decision is only likely to have a significant impact on a very small number of people in one ward or electoral division the decision maker should ensure that those people are nevertheless informed of the forthcoming decision in sufficient time for them to exercise their rights to see the relevant papers and make an input into the decision making process.
- 7.21 ✓ In considering whether a decision is likely to be significant, a decision-maker will need to consider the strategic nature of the decision and whether the outcome will have an impact, for better or worse, on the amenity of the community or quality of service provided by the authority to a significant number of people living or working in the locality affected. Regard should again be given to the underlying principles of accountable decision-making in paragraph 7.3 of this guidance to ensure that there is a presumption towards openness. While in broad terms, a key decision for the purposes of this test should be regarded as something which under traditional arrangements would have been referred to a committee or sub-committee of the council for decision, rather than being delegated to officers, the Secretary of State recognises that there are large variations in the levels of delegation in decision-making by authorities at present. Local authorities should seek, through consultation with other local authorities of the same type and size, to ensure there are not large variations in the level of openness between authorities in the future, and that any convergence in the practice of authorities is in the direction of greater openness.

- 7.22 ✓ The Secretary of State is of the view that any decision made by an executive in the course of developing proposals to the full council to amend the policy framework would be a key decision within the definition in regulation 8. Nevertheless, if a decision maker is of the view that any such decision does not fall within the regulation 8 definition then that decision should be treated as a key decision. Similarly, where the executive has been granted power by the full council to amend any aspect of the policy framework then the Secretary of State is clear that any decision to do so would also be a key decision within the definition in regulation 8, but that if a decision maker is of the view that any such decision does not fall within the regulation 8 definition then that decision should be treated as a key decision.
- 7.23 The Secretary of State recognises that not all key decisions will need to be, or indeed will be capable of being, identified four months in advance of the decision being taken. Some decisions (such as the adoption of certain plans or strategies in the policy framework) will be able to be identified that far in advance and therefore will be on the forward plan for some time whereas others will not be known until, say, a few weeks before the decision is due to be taken. The forward plan will inevitably include more decisions which will be taken within, say, one month than it will decisions to be taken in, say, three or four months and can therefore be viewed as a planning tool for managing the work programme of the executive.
- 7.24 ✓ Local authorities should make widespread use of electronic media in disseminating a forward plan. Where a local authority has a website, the forward plan should be accessible on that website, together with relevant papers. Local authorities should also consider the opportunities to ensure that communities have advance notification of decisions which, whilst they may not be of significance across the local authority as a whole, will be of particular relevance to a particular locality within that local authority. The use of electronic media should assist in that respect. In particular, local authorities should consider ways of allowing local people to comment electronically on issues raised by the forward plan although they will also need to ensure that local people without access to the Internet are equally able to comment effectively to the local authority.
- 7.25 Where key decisions need to be taken and timing means it is unfeasible to include them on the forward plan, regulation 15 of the Local Authorities (Executive Arrangements) (Access to Information) (England) Regulations 2000 allows that, in such cases, the person or body to whom the decision has been delegated will be able to make the decision even though it was not notified on the forward plan. However, at least five clear days notice of the decision will need to be given to the relevant overview and scrutiny committee(s) and the public before it is formally taken.
- 7.26 Following consultation the Secretary of State has decided to extend the notice period from three clear days to five clear days, in respect of both executive and non-executive decision making. Following consultation the Secretary of State has also decided not to make any modifications to the existing definitions of exempt information at this stage, but to assess and consult further on how the existing regime will relate to the requirements of the Freedom of Information Act 2000.
- 7.27 In very rare circumstances it may be necessary for a decision to be taken with less than five clear days' notice. In such cases, regulation 16 of the Local Authorities (Executive Arrangements) (Access to Information) (England) Regulations 2000 states that the decision maker will need to obtain agreement from the chair of the relevant overview and

scrutiny committee (and in her or his absence the chairman of the local authority or in his or her absence the vice-chairman of the local authority) that the decision could reasonably be regarded as urgent in the circumstances. If the relevant person does not agree that the decision may reasonably be regarded as urgent in the circumstances then the decision cannot be taken without five days' notice for publication of the relevant papers. Under regulation 20, the executive leader, elected mayor (in mayor and cabinet constitutions) or council manager (in mayor and council manager constitutions) will need to report quarterly to full council on how often the urgency procedure has been used together with the reasons for the decision and why the matter was urgent.

- 7.28 Under regulation 19 of the Local Authorities (Executive Arrangements) (Access to Information) (England) Regulations 2000 if a particular decision was not included on the forward plan or was not dealt with in accordance with the provisions of regulations 15 or 16 (i.e. has not been regarded as a key decision) but an overview and scrutiny committee comes to the view that it should have been, that overview and scrutiny committee will be able to require the executive to make a report to the local authority on the decision and the reason why it was not regarded as a key decision.
- 7.29 Figure 7.2 provides an analysis by one local authority of what would have been included in a forward plan had such procedures been in operation previously.

**FIGURE 7.2:**

#### **ANALYSIS OF KEY DECISIONS**

One metropolitan council has carried out a retrospective analysis of its cabinet agendas to identify the proportion of key decisions that were anticipated and which could therefore have been notified in advance in a forward plan. Over a four month period, a total of 351 items were considered for decision of which 107 (30.5%) were considered to be key decisions.

Of the key decisions, 66% were considered to have been predictable, on the basis of known issues arising, for a period of at least four months, with 12% and 9% respectively being predictable for two months and one month. Only 11 key decisions (10%) were felt to relate to unforeseen issues, or issues which would only have reached the cabinet agenda within one month of needing to make a decision.

## **Scrutiny Management Commission**

### **Review of the Council Cabinet Forward Plan January to December 2007**

#### **1. Introduction**

At its meeting on 18 September 2007 the Scrutiny Management Commission (SMC) considered the use being made of the Forward Plan and resolved:

- a) to include the Forward Plan as a standard retrospective scrutiny item at future meetings to ensure that all reports were reported correctly and within the correct time frames
- b) to request a monthly analysis of Forward Plan items that do not appear on the Forward Plan for four months with an explanation of why not

The use of the Forward Plan was considered by the Commission because a number of SMC members had expressed concerns that in some instances, key decisions were being made before the Commissions had time to properly consider the proposals and make their views known to Council Cabinet.

In response to these resolutions the Co-ordination Officer has reviewed the Forward Plan for 2007.

The review has examined the Forward Plans for January to December 2007 and where this has been possible, has traced the decision making process through the minutes of the Council Cabinet meetings in 2007.

#### **2. The Council Cabinet Forward Plan**

Rule AI23 of the Council's Constitution states that 'Forward Plans will be prepared by the Council Cabinet to cover a period of four months, beginning with the first day of any month'.

The Contents of the Forward Plan are defined in Rule AI24 which states that 'The Forward Plan will contain matters which the Council has reason to believe will be the subject of a key decision to be taken by the Council Cabinet or a Committee of the Council Cabinet, during the period covered by the plan. Key Decisions (KD) are defined in Article 13 of the Constitution.

Details of decisions about recommendations to Council on Budget and Policy Framework (BPF) items are included in the Forward Plan because although the Council is responsible for the adoption of the Budget and Policy Framework, it is the responsibility of Council Cabinet to implement it once the framework is in place.

### **3. The Forward Plan**

The format of the Forward Plan has changed very little since its inception in 2001/02. The contents are sub-divided according to the Council Cabinet portfolios. As well as the title and Forward Plan reference number, each entry comprises:

- A description of the decision
- The Overview and Scrutiny area under which the item falls
- The earliest date when the decision will be taken
- Details of who will be consulted and how
- Details of the documents that Council Cabinet will consider when making the decision
- Confirmation whether the report will be considered in public
- Details of a contact, the 'lead officer', who can provide more information on the decision.

The Forward Plan is a public document and the front sheet of each edition states that 'Anyone wishing to make representations to the Council cabinet about any of the items listed should contact the lead officer at least 10 days prior to the date of consideration'.

Appendices 2 and 3 of the covering report to SMC report contain extracts from the regulations and the guidance relating to the provision of Forward Plans.

### **4. Format of the review**

The review was intended to examine the way in which the Forward Plan was being used and in particular, to quantify how long items remained on the Forward Plan before being considered by Council Cabinet.

The first part of the review involved listing all the items placed on the Forward Plan in the period January to December 2007. These items are listed in the spreadsheet comprising Table 1. The spreadsheet contains details of:

1. Date of the Forward Plan
2. Department to which the decision relates
3. Forward Plan Item Reference Number
4. Date the item first placed on the Forward Plan
5. Date(s) the item entry subsequently amended
6. Earliest decision date shown on the first and each subsequent Forward Plan
7. Date actually considered by Council Cabinet
8. The period for which the item was on the Forward Plan and hence available for comment/consultation

The dates when decisions were made about Forward Plan items were obtained from the Minutes of the Cabinet meetings in January – December 2007. The period for which the item was on the Forward Plan and hence

available for comment/consultation is the difference between the date the Forward Plan was published and the date the decision was made.

Table 2 lists the key and budget and policy framework decisions made by Council Cabinet during the period January to December 2007. For each decision the table contains details of:

1. The date of the Cabinet meeting
2. The key and budget and policy framework decisions made at the meeting
3. The Forward Plan number of the item relating to the decision – where it has been possible to identify this
4. The date that the item to which the decision relates was placed on the Forward Plan – for those items that appear on the Forward Plan
5. The Council Cabinet portfolio within which the item falls
6. The department responsible for the item

#### **4.1 General Exception and Special Urgency Provisions**

There is provision in the Council's Constitution for the making of urgent key decisions on matters that have not been included in the Forward Plan. This provision is contained in Rule A126 of the Constitution and, where it is impracticable to defer the decision until it has been included in the next Forward Plan, allows the decision to be made if the Director of Corporate Services has informed the Chair in writing of the matter to which the decision is to be made.

Details of the 16 urgent decisions taken at Council Cabinet meetings are recorded in the minutes of the Cabinet meetings of 2007 and have been as A126 in the table in Figure 2.

### **5. Outcomes of the review**

#### **5.1 Time for which items remain on the Forward Plan before a Cabinet is made.**

From the spreadsheet in Table 1 it will be seen that a total of 83 items were placed on the Forward Plan in the period January to December 2007. The spreadsheet also shows that in 2007 Council Cabinet made decisions relating to 47 Forward Plan items. Some of these decisions will relate to items placed on the Forward Plan in years prior to 2007.

The 47 Forward Plan items for which a decision has been recorded in the minutes of a 2007 Council Cabinet meeting have been highlighted on the spreadsheet.

It was in some cases difficult to relate a Council Cabinet decision directly to a Forward Plan item. This was mainly because the Forward Plan item Reference Number is not used on the Council Cabinet agenda or in the minutes of Council Cabinet meetings and because of difference in the title of

the Forward Plan item and that of the report to Council Cabinet. Also, in some cases, decisions relating to Forward Plan items have been reported under other, more general headings.

The spreadsheet shows when each of the 83 items were placed on the Forward Plan and where a decision has been made by Cabinet, the date of the Council Cabinet meeting at which the decision was made. The ninth column of the spreadsheet shows the time for which each item remained on the Forward Plan before a decision was taken. This information is presented in graphical form in Figure 1 below.

Figure 1

From Figure 1 it will be seen that 50% of the Forward Plan decisions made by Council Cabinet in 2007 were made within one month of the item being placed on the Forward Plan. In addition to the implications that this has for scrutiny, it will be difficult for anyone wishing to make representations to Council Cabinet about a Forward Plan item to do so if the decision is made by Cabinet within one month of the item being placed on the Forward Plan.

## 5.2 Decision making by Council Cabinet

Table 2 is based on information from the Minutes of the Council Cabinet meetings. The table shows that during the period January to December 2007 Council Cabinet made 103 key and budget and policy framework decisions. Table 2 also shows that a total of four 'urgent decisions to which Call-in will not apply' were made at the Council Cabinet meetings during the period January to December 2007. The table also identifies the 16 'urgent decisions' that were made by Cabinet on items not included in the Forward Plan. These figures were obtained from the minutes of the Cabinet meetings.

Of the 103 key and BPF decisions made by Council Cabinet, 57 can be clearly related to items that have appeared on the Forward Plan and 16 were urgent decisions on items that did not appear in the Forward Plan. It may be that some of the remaining 32 decisions can be linked to Forward Plan items,

but this is not immediately apparent from the Council Cabinet minutes. This is mainly because the Forward Plan item Reference Number is not used on the Council Cabinet agenda or in the minutes of Council Cabinet meetings, but the situation is further complicated by the fact that some key and BPF decisions have been made as part of a broader decision. An example of this is the Cathedral Green/River Derwent footbridge where it is understood that the decision in respect of Forward Plan item 63/06 was made as part of wider Public Realm proposals.

## **6. Conclusions**

1. The analysis of the 2007 Forward Plan shows that during the past year, 50% of the key and BPF decisions of Council Cabinet were made within one month of the item being placed on the Forward Plan. The time period within which these decisions were made has implications for the delivery of effective scrutiny. This is because with most Overview and Scrutiny Commission now only meeting five times per year, it will be very difficult for Commission members to scrutinise proposals for key decisions within one month of them being placed on the Forward Plan. Also, any member of an external organisation or the public wishing to make representations about a Forward Plan item will find it difficult to do so if the item is only on the Forward Plan for one month.

As has been noted elsewhere in this report, there will be occasions where decisions have to be made as a matter of urgency, and there are procedures in place for this eventuality. The Council Cabinet minutes show that during 2007 a total of four 'urgent decisions not subject to call-in' were made by Cabinet. The minutes also show that there were a total of 16 urgent decisions about items not on the Forward Plan. The latter figure represents 15% of all the key and BPF decisions made by Cabinet in 2007.

2. One of the purposes of the Forward Plan is to give the Overview and Scrutiny Commission and members of external organisations and the public the opportunity to comment on key decisions before they are made. The large proportion of decisions that have been made within one month of the item being placed on the Forward Plan and the significant percentage of decisions on 'urgent' items that have not been included in the Forward Plan suggests that the original purpose of the Forward Plan may have been forgotten and that some refresher training might be beneficial.
3. From the Minutes of the Council Cabinet meetings in 2007 it is not immediately possible to relate a number of the key decisions made by Cabinet to items on the Forward Plan.

It is considered that the lack of a clear linkage between Forward Plan items and key and BPF decisions by Council Cabinet casts doubts on

the transparency of the decision making process and is an issue that should be addressed.

It is thought that the traceability and transparency of the decision making process would be enhanced if all key and budget and policy framework decisions made by Council Cabinet were linked to the relevant Forward Plan item through use of the appropriate Forward Plan reference number.

DRR 8 January 2008.
