41/09	<p>Neighbourhood board Community Budget and Funding</p> <p>The Board received a detailed report on the Neighbourhood Board Funding for 2009/10. Oakwood Neighbourhood Board has a total of £26,000 available to allocate this financial year 2009/10.</p> <p>This represents three separate funds. The Community Budget £6,000 for Community groups to apply for to tackle the Board priorities, the Youth, Highways or Safety Budget of £10,000 and the Highways Budget of £10,000. In addition there is £10 carried forward into the Community Budget from 2008/09.</p> <p>The Board noted the contents of the updated budget report and that the £10,000 Highways budget had now been allocated during the previous agenda item.</p> <p>The Board considered two applications for funding:</p> <p>1. Children and Young Peoples Service. The Board received an application from Children and Young Peoples Service for a £200 contribution to the Voices in Action presentation evening. The Board recommended that the application from Voices in Action is rejected on the grounds that this was a citywide project and should be funded from a citywide budget and that there was no evidence of benefit to Oakwood young residents. Action: Agreed to reject Voices in Action proposal</p> <p>The Oakwood Neighbourhood Board recommended that the application from Derby Parks is rejected on the grounds that the proposal will not have the intended impact of reducing health and safety concerns in the short term.</p> <p>2. Derby Parks. The Board considered a late funding request from Derby Parks to install 12.5 metres of knee high fencing on the open space by Charingworth Road to match existing. It will be installed across the dip in such a way as to prevent cycles from being ridden up the slope and onto the pavement and road. In a recent incident a child on a cycle hit a car on the road and the proposal is intending to tackle the issue of health and</p>									

	<p>safety. The fencing quote is £675 and Derby Parks are asking for a £400 contribution. After a lengthy discussion around the benefits and likely impact the fence would have on improving health and safety a vote was taken and agreed not to fund by 3 votes to 2 with 3 abstentions.</p> <p>At the Oakwood Ward Committee immediately following the Board meeting it was agreed to allocate £400 contribution to Parks on the basis that the fencing needs to be provided as a matter of urgency. It was noted that it had to be shown that action is being taken in response to the health and safety issue.</p> <p>Action: Agreed to fund £400 from the Youth provision, Highways and Community Safety budget</p>
