

## AREA PANEL 3 22 JUNE 2005

DERBY CITY COUNCIL

Report of the Director of Corporate Services

### PROPOSED ALCOHOL FREE ZONE - NORMANTON

#### SUPPORTING INFORMATION

- 1.1 A report was presented to this Panel in June 2002 detailing legislation on Alcohol Free Zones – AFZs. This Panel recommended to Council Cabinet that they consider making Normanton Road and Arboretum Park as an AFZ. The Council Cabinet subsequently included part of Normanton in the programme for AFZ designation.
- 1.2 During a recent preliminary meeting with the Police and representatives of the Council's Anti Social Behaviour Team it was proposed to extend the designation to cover other areas where alcohol related incidents were, and continue to be, a problem. It was also extended to follow the boundaries of the main roads to allow the designated area to be identified more easily.
- 1.3 Appendix 2 shows the streets/land to be included in the extended zone. The extent of the original proposals are shown by highlighted text. An identification plan will be available at the meeting.
- 1.4 The effect of designation of an AFZ is that Police will have the power to require a person in the designated area not to drink alcohol where a Police Officer believes that the person is has or intends to do so. The officer can also require a person to surrender any alcohol. Failure to do so, without reasonable excuse, will be an arrestable offence.
- 1.5 Designation is not intended to lead to a complete ban of drinking alcohol in the area but its restriction where associated with nuisance or annoyance to the public.
- 1.6 In addition to consulting this Area Panel on the extended zone, views of other interested parties are being sought. These include the Council's Parks and Sports and Leisure Divisions, Derby Homes, Walbrook Housing Association, owners and occupiers of any private land its proposed to designate and licensees within the area.
- 1.7 The statutory consultation process has already begun and it is hoped to have the AFZ in place by the end of this summer.
- 1.8 The City Centre is currently covered by byelaws regulating the consumption of alcohol. These byelaws will automatically lapse in September 2006 under the

AFZ legislation. The Council is currently undertaking initial consultations with the Police, Ward Councillors and relevant Departments on the proposals for an AFZ to cover the city centre. A report on these proposals will be submitted to a future meeting of this Panel.

## PROPOSED ACTION

- 2.1 The views of the Panel on the proposed extended area for Normanton are sought. However any fundamental change to that proposed will mean that the statutory consultation process will have to start again and designation will be delayed.

<b>Background papers:</b>	None
<b>List of appendices:</b>	Appendix 1 – Implications Appendix 2 – list of streets/land

## IMPLICATIONS

### Financial

- 1.1 The cost of advertising the designation order will be in the region of £800.00. The other major cost is buying and installing signs on the boundaries and inside the designated area. The estimated costs are £3000. Any proposals to extend the area for the AFZs is likely to have an impact on the number of signs needed, increasing the cost.
- 1.2 There is no specific provision within the Council's 2005/2006 revenue budget. Attempts will be made to contain expenditure within existing budgets.

### Legal

- 2.1 Section 12-16 of the Criminal Justice & Police Act 2001 gives local authorities the power to designate AFZs and the procedure is set out in the Local Authorities (Alcohol Consumption in Public Places) Regulations 2001.

### Personnel

- 3.1 The designation will be carried out by the Legal Division in consultation with other relevant departments and outside agencies.

### Equalities impact

4. 1 None arising from this report

### Corporate objectives and priorities for change

- 5.1 The designation of the AFZs should contribute towards the following by reducing alcohol related incidents:

**Objectives:** Healthy, safe and independent communities.

**Priorities for Change:** Responding to people's needs
