Purpose

- 1.1 The purpose of bringing this report is to fulfil the decision of Derbyshire County Council's Cabinet which met on 12.1.23 to consider the attached report from the Chair of the Improvement and Scrutiny Committee - Health.
- 1.2 One recommendation that was agreed was that Cabinet approve that the Committee: "Submits the findings of this review to the Integrated Care Board and the Integrated Care Partnership to recommend that future joint funding structures between the Council and the NHS are a key element of the new partnership working arrangements to ensure parity and transparency for all funding contributors".

Recommendations

- 2.1 It is recommended that the ICP note the findings of this report and ask that the Integrated Place Executive give further consideration to the report findings at a future meeting.

Reason

- 3.1 The benefits of joint funding arrangements as set out in the report merit further consideration in relation to how they can improve outcomes for local people. The establishment of the Integrated Care System and the Integrated Care partnership with a refreshed focus on working together mean it is timely for the partnership to revisit opportunities afforded by closer working.
