

# ITEM 6

## **Audit and Accounts Committee**

**1 April 2010**

### **Minute Extract**

84/09          Contract and Procurement with RRS Waste  
Management

The Committee considered the project agreement for the contract and procurement with RRS Waste Management. The Committee expressed concerns about the isolation of clause 9 of the project agreement and its component parts to allow the expenditure of £180k as part costs of an appeal against the refusal of planning permission.

**Resolved to ask Council Cabinet to review its decision to support the continuation of the project in light of the refusal of planning permission by the Council's own Planning Committee.**

(As members of the Council Cabinet Councillor Allen and Troup abstained from voting in the above item.)
