

**COSMETIC WORK TO TREES****SUPPORTING INFORMATION**

The Council Cabinet has decided to allocate £5,000 to the Area Panels in order to commission cosmetic tree work in cases where the Arboricultural Officers have refused work requested by a resident because there is no provision in the tree management budget for cosmetic work. This work is restricted to trees on Council owned land and all work requested would have to comply with the conditions stated in the Tree Management Policy. This is a pilot scheme to be reviewed after one year.

Removal of 25% of trees within a line of trees. This will provide some relief to restriction of light and will provide sufficient room for the remainder of the trees to grow. Cost of work would be £800.

**FINANCIAL IMPLICATIONS**

If the Area Panel commissions the work, there will be £3,700 available for other requests.
