### **5/11 Derby City Council Funding Allocation 2010/11**

It was noted at the Board meeting on 23 February 2011, that the proposal for two SID's on Nottingham Road put forward and agreed for the 10k Highways and Transport spend and ratified by Councillors at Ward Committee on 8 December 2010 has been amended.

This is because there is no power source on one side of the road where the SID would need to be situated. A new proposal was made to have two SID's but to have it installed at the same location twice. This amounts to a cost of

£600, £200 less than previously agreed at the Board meeting held on 8 December 2011.
