

NHS Quality Reports

SUMMARY

- 1.1 Every Foundation Trust is required by its regulator, Monitor, to produce a Quality Report within its overall annual report. The Quality Report specifically aims to improve public accountability for the quality of care. Trusts are also required to send a draft copy of the report to the local overview and scrutiny committees. Whereas majority of their Commissioners have a legal obligation to review and comment scrutiny committees have the discretion on whether or not to give their comments.
