

DERBY CITY COUNCIL

AREA PANEL 3
18 JANUARY 2006

Report of Director of Commercial Services

PROVISION OF DUAL WASTE BINS

SUPPORTING INFORMATION

- 1.1 The existing provision of dual waste bins capable of holding dog waste does not meet the demands of Councillors, Area Panels or the public. As part of the budget for 2005/06, funding was provided to enable each Area Panel to have 3 additional dual waste bins for each ward.
- 1.2 Records had been kept of requests for the locations of additional bins and officers were asked by the Director of Commercial Services to prioritise the locations due to requests exceeding the finance available.
- 1.3 The priority locations identified for the 9 new dual waste bins in Area Panel 3 are listed in Appendix 1.
- 1.4 If Area Panel 3 wishes to use their own resources to purchase additional bins then they will be able to do this and the additional on-going revenue costs will be contained within the base budget. This should be possible as part of a rescheduling exercise but it is a one-off opportunity for this financial year. To purchase and install a dual waste bin costs £240

The locations to consider are:

Location	Ward	Number Requested	Cost/Comment	Highlighted By
Grangeover Way/Duesbury Grange	Abbey	1	Site not adopted and we cannot site bins on unadopted land.	Public Requests
Sunnyhill Rec	Normanton	1	£240	Officers

PROPOSED ACTION

- 2.1 To note the locations of the new dual waste bins in Area Panel 3.
- 2.2 To decide if Area Panel 3 wants to allocate Area Panel funding 2005/6 to dual waste bins.
- 2.3 To agree the locations of any additional dual waste bins at a cost of £240 each.
