- “Set a plan that will make the city a better place to live, and is measured”
- “Strengthen relationships and forge our common goals”
- “Work together to make Derby as best it can be”
- “Establish common goals and communicate them with each other”
- “Understand where we can help pull together for Derby as a whole”

FEEDBACK FROM SHAPING WORKSHOP HELD IN JUNE 2021

- Need to design a shared collaboration space
- Review of evidence and outcomes is important
- Inclusive approach – invite all partners to first sessions and identify a chair / facilitator to lead an outcome based workshop
- Important to involve our customers / stakeholders and build on enablers (e.g. insight, comms, partnership resource)
- Let's integrate as much as possible e.g. Health and Well-being, JUCD

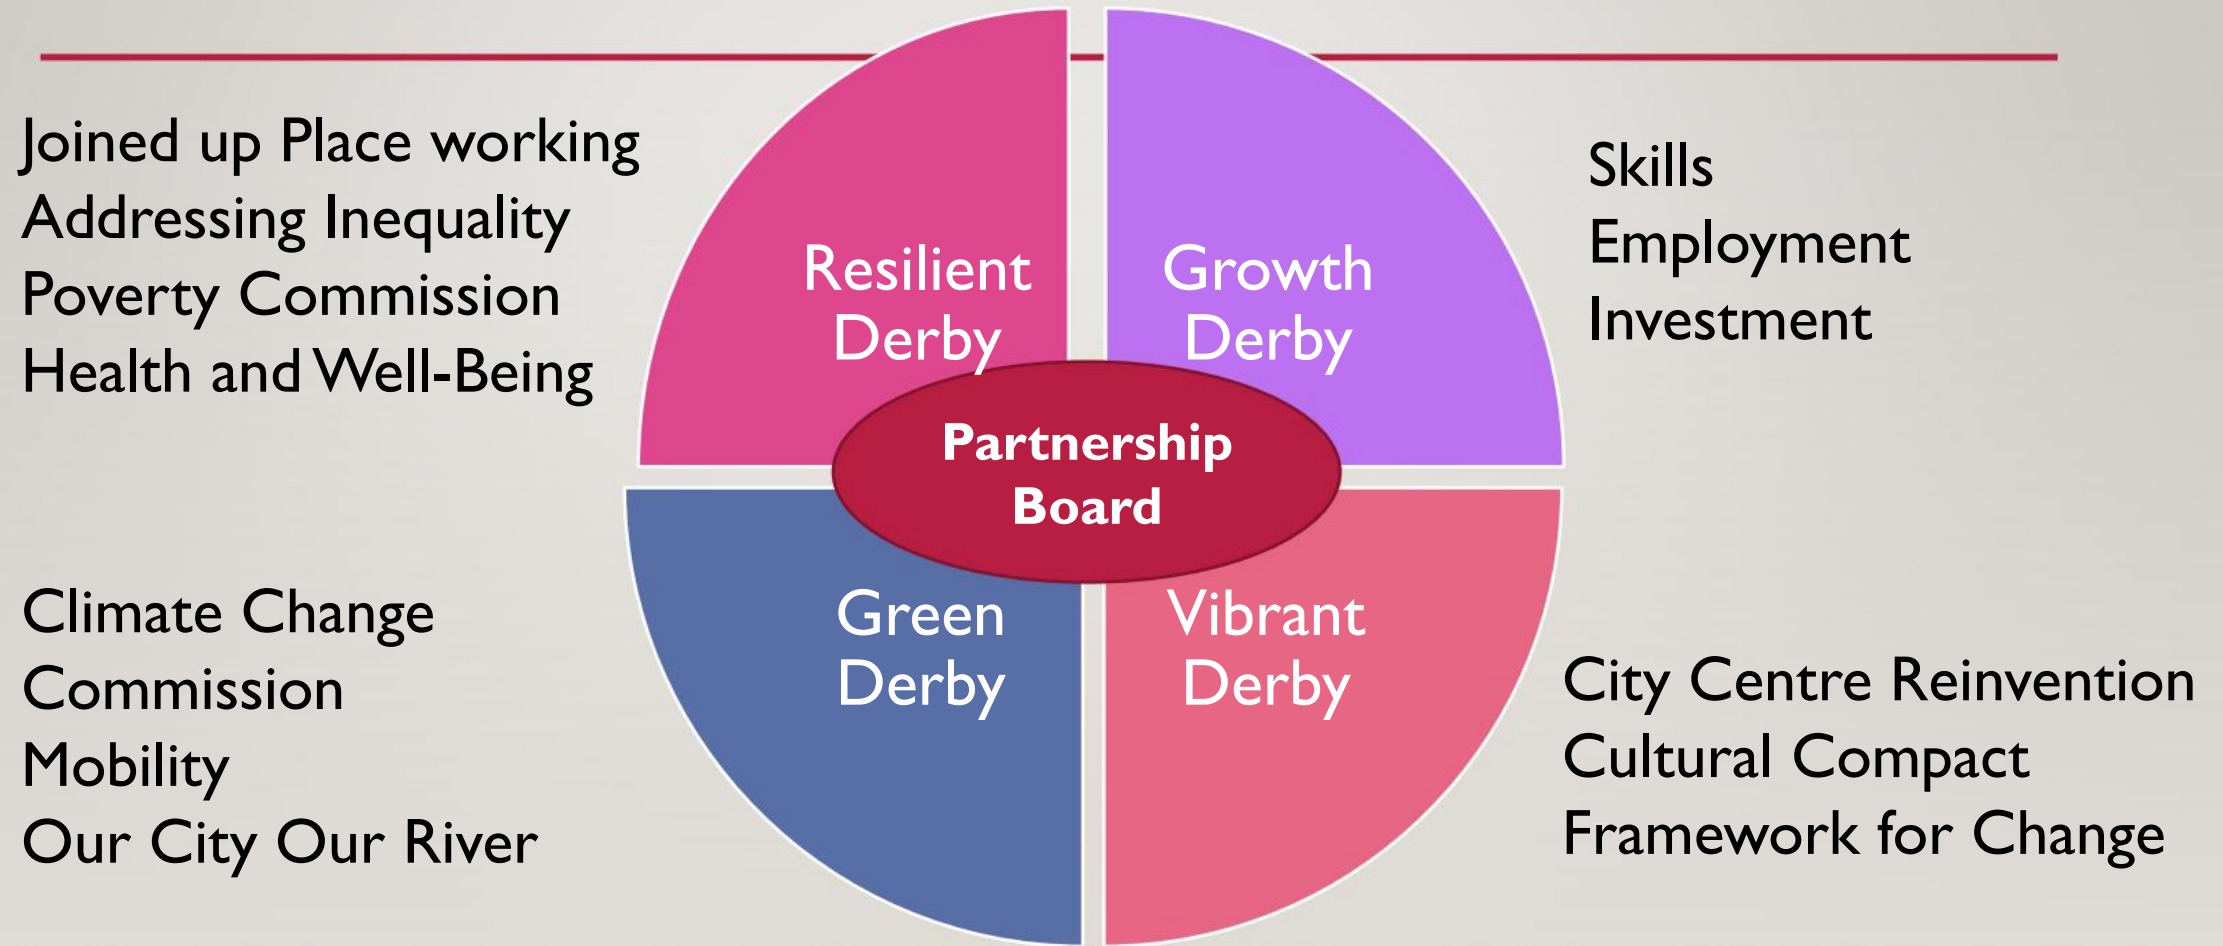

NEW MODEL OF PARTNERSHIP WORKING

Partnership Board – Agree City Recovery Outcomes and provide a platform to share/ hold to account

Thematic Boards – Collaborative Delivery of Recovery Outcomes

Existing Alliances / Statutory Boards / Forums – flexible approach
