1. Proposed arrangements

1.1. Explanatory notes

The proposed arrangements are based on the [\(Acting\) Returning Officer's representations](#) published on 31 October 2022. Amendments have been made following consultation, and due to changes to availability of polling place venues.

Polling district boundaries

Refer to the plans in section 2 which show the geographic extents of the proposed polling districts. An interactive map with existing and proposed polling district boundaries and polling place locations is available on the Council's [mapping portal](#). These layers can be turned on using the 'Map Features' function on the menu.

Forecast polling station electorate

The in-person electorate for each polling station has been forecast for a period of five years after this review commenced, in line with Electoral Commission guidance.

Estimated 2027 polling station electorate are calculated using the current total electorate, data on expected residential developments in the city and the average proportion of postal voters in the current wards on 1st August 2022.

During the consultation period the Electoral Commission revised its recommended maximum number of electors to be assigned to a polling station to 2,250 from 2,500. A number of our polling stations have an electorate that exceeds this limit, or are expected to exceed it by 2027 and will need to be addressed during the next review.

1.2. Abbey ward

Polling district ref.	Proposed polling place	Estimated 2027 polling station electorate
AB1	Bramblebrook Community Centre, Stockbrook Street, DE22 3WH	1786
AB2	Serbian Orthodox Church Hall, Normanton Road, Derby DE1 2GP	538
AB3	Boyer Street Community Room, Boyer Street, DE22 3TG	1710
AB4	Carlton Road United Reformed Church Hall, Carlton Road, DE23 6HE	533
AB5	Bramblebrook Community Centre, Stockbrook Street, DE22 3WP	1497
AB6	King's Highway, Rowditch Place, Derby DE22 3NH	1200
AB7	Bemrose School Library, Uttoxeter New Road, DE22 3HU	1425

Comments following consultation

Two responses were received relating to Abbey ward during consultation, one expressed strong agreement with the proposals, the other expressed neither agreement or disagreement.

AB6 – The King's Highway public house has been designated as the polling place. Whilst the polling place is outside the polling district and across a busy road it is situated in a more

convenient location for electors than Bemrose School Library. No suitable alternative was identified within the polling district.

(Acting) Returning Officer's comments published on 31 October 2022

AB1 – The polling place is situated outside the polling district boundary as no suitable alternative could be found within the district.

AB2 – This polling district will move from Arboretum ward to Abbey ward. There is no change to polling station for most electors, a small number that previously voted at the Council House will now vote at Serbian Orthodox Church. The polling place is situated outside the polling district boundary as no suitable alternative could be found within the district.

AB4 – The current AB5 polling district will be divided between the proposed AB4 and NM1 polling districts along Carlton Road.

AB5 – The previous polling place Dean Street Methodist Church was unsuitable due to its size and poor accessibility. Bramblebrook Community Centre has been used as the polling place for recent elections. The polling place is situated outside the polling district boundary as no suitable alternative could be found within the district.

AB6 – This polling district centred around the Manor Kingsway development will move from Littleover ward to Abbey ward under the proposed arrangements. The current polling place Littleover Methodist Church is too far away from the proposed polling district. The proposed polling place will be Bemrose School, whilst situated outside the polling district, is closer.

The King's Highway public house, Rowditch Place, Derby DE22 3NH is also being considered as a potential polling place for this district, pending agreement with the premises operator. Comments on the suitability of this venue would be welcomed.

Comments following consultation

AL3 – It is proposed in the MTFP that council funding be withdrawn from community libraries. Whilst we have received assurance that libraries could be recommissioned if necessary for use as a polling station in May 2023 we have chosen to designate other premises where a suitable alternative is available.

St John's Methodist Church has been designated as a polling place and has been used successfully in the past.

(Acting) Returning Officer's comments published on 31 October 2022

AL3 - Allestree Library was used as a polling place at recent elections because St John's Methodist Church was used as a vaccination centre. Allestree Library was considered suitable and has good accessibility.

CE2	Chaddesden Hall Community Centre, Chaddesden Lane, DE21 6LL	538
CE3	The Phillip Whitehead Memorial Library Chaddesden Park, Chaddesden Lane, Derby, DE21 6LN	1865
CE4	Cherry Tree Hill Primary School, Sunny Grove, DE21 6WJ	1392

Comments following consultation

One consultation response was received relating to Chaddesden East ward which indicated strong disagreement with the proposals. The respondent considered that the review had not been adequately publicised but strongly agreed that the polling stations were easy to get to and had adequate car parking, and somewhat agreed that the polling stations had adequate public transport links.

CE3 – It is proposed in the MTFP that council funding be withdrawn from community libraries. We have received assurance that libraries could be recommissioned for use as a polling station in May 2023 but have chosen to designate other premises where a suitable alternative is available.

No suitable alternative could be identified for CE3, and it was considered that the library provided an accessible building with car parking provision.

A mobile unit has previously been designated for the polling district but was found to have poor accessibility for wheelchair users and people with other mobility disabilities.

CE4 – The Headteacher of Cherry Tree Primary School made representations that the school should not be used as a polling place due to:

- Complaints from parents
- Safeguarding issues associated with members of the public accessing school premises
- The effect of polling on student attendance
- School staff working anti-social hours to accommodate polling
- GDPR issues and additional work required to ensure no member of public has access statutory test materials

The Headteacher acknowledged that some of these issues were mitigated to an extent due to polling taking place in the school hall rather than in a classroom (as had occurred previously).

Whilst schools funded by a local authority are available to the (Acting) Returning Officer for use as polling places¹ they are only used if no alternative is available. Unfortunately a suitable alternative could not be identified for this polling district.

(Acting) Returning Officer's comments published on 31 October 2022

This is a new ward which includes part of the current Chaddesden ward.

CE2 - Under the proposed arrangements the current CD2 polling district is divided into CE2 and CW3 along the new ward boundary which lies between Chaddesden Lane and Reginald Road South.

CE3 - The previous polling place was a Mobile Unit situated on Washington Avenue which was unsuitable due to its size, issues with accessibility and cost. The offices at 59 Roosevelt Avenue have been used as the polling place for recent elections.

CE4 - The previous polling place was designated as The Co-operative Food store on Lexington Road, which became unavailable for use as a station shortly after the last review. Cherry Tree Hill Primary School has been used as the polling place for recent elections.

Comments following consultation

Three consultation responses were received relating to Mackworth & New Zealand ward, each expressing agreement with the proposals.

Comments following consultation

MA1 – Several consultees identified accessibility concerns relating to the long driveway and parking barrier at the Mackworth/Morley Sure Start Children's Centre. Similar complaints were made by a disabled voter following the 2021 election.

Working with the teams at the Sure Start centre and Reigate School, improvements to arrangements were made for the 2022 local elections, including:

- printing times that the car park barrier would be closed on the poll card
- allowing the barrier to be opened and car parking facilities provided for voters with a blue badge throughout the day

Despite these improvements accessibility for disabled voters remains poor at the Sure Start centre.

The Woodpecker public house has been designated as the polling place for this district. Following refurbishment. The premises has good access for disabled voters and good car parking facilities.

(Acting) Returning Officer's comments published on 31 October 2022

The ward name has been amended to Mackworth and New Zealand as a result of the final recommendations arising from the recent Local Government Boundary Review in order to better reflect the electors that it serves.

MA1 - The previous polling place was designated as The Woodpecker Public House, which became unavailable for use shortly after the last review. The Mackworth/Morley Sure Start Children's Centre has been used as the polling place for recent elections.

The Elections Team have worked with the venue to improve accessibility and provide parking facilities for disabled voters throughout the day.

MA6 and MA7 – These polling districts are currently included in Abbey ward. These districts should be merged with MA5 at the next review but must remain separate until after the May 2023 local elections so that the existing and new wards can be reflected in the Electoral Register. The polling place is situated outside the polling district boundary as no suitable alternative could be found within the districts.

Comments following consultation

Three consultation responses were received relating to Oakwood ward, two expressing agreement or strong agreement with the proposals and one indicating disagreement.

OK2 – A consultation response was received suggesting that the polling place be designated as Springwood Leisure Centre, which is used as a polling place for three other

polling districts. Whilst the venue has space to accommodate a fourth polling place it would be difficult to divide the space in the sports hall into four areas as the venues netting is used for this purpose. Travel times would increase for most electors if the leisure centre was used with this being unacceptable for voters travelling on foot.

(Acting) Returning Officer's comments published on 31 October 2022

We have received assurance that libraries could be recommissioned for use as a polling station in May 2023. We have sought to designate other premises where a suitable alternative is available, but no alternative could be identified for SF4.

A consultation respondent highlighted the narrow corridor leading to the room used for polling and stated that it may cause problems for wheelchair users or voters with pushchairs. The respondent also commented on anti-social behaviour witnessed in the vicinity of the polling station.

We considered Arleston Hall, Arleston Lane but found that the premises was unsuitable due to poor lighting which could affect visually impaired voters.

We also considered Sinfin Community Centre, Swallowdale Road but the venue was unavailable for use as a polling station due to a conflicting regular booking.

Comments following consultation

Two consultation responses were received relating to Spondon ward, each expressing neither agreement or disagreement with the proposals.

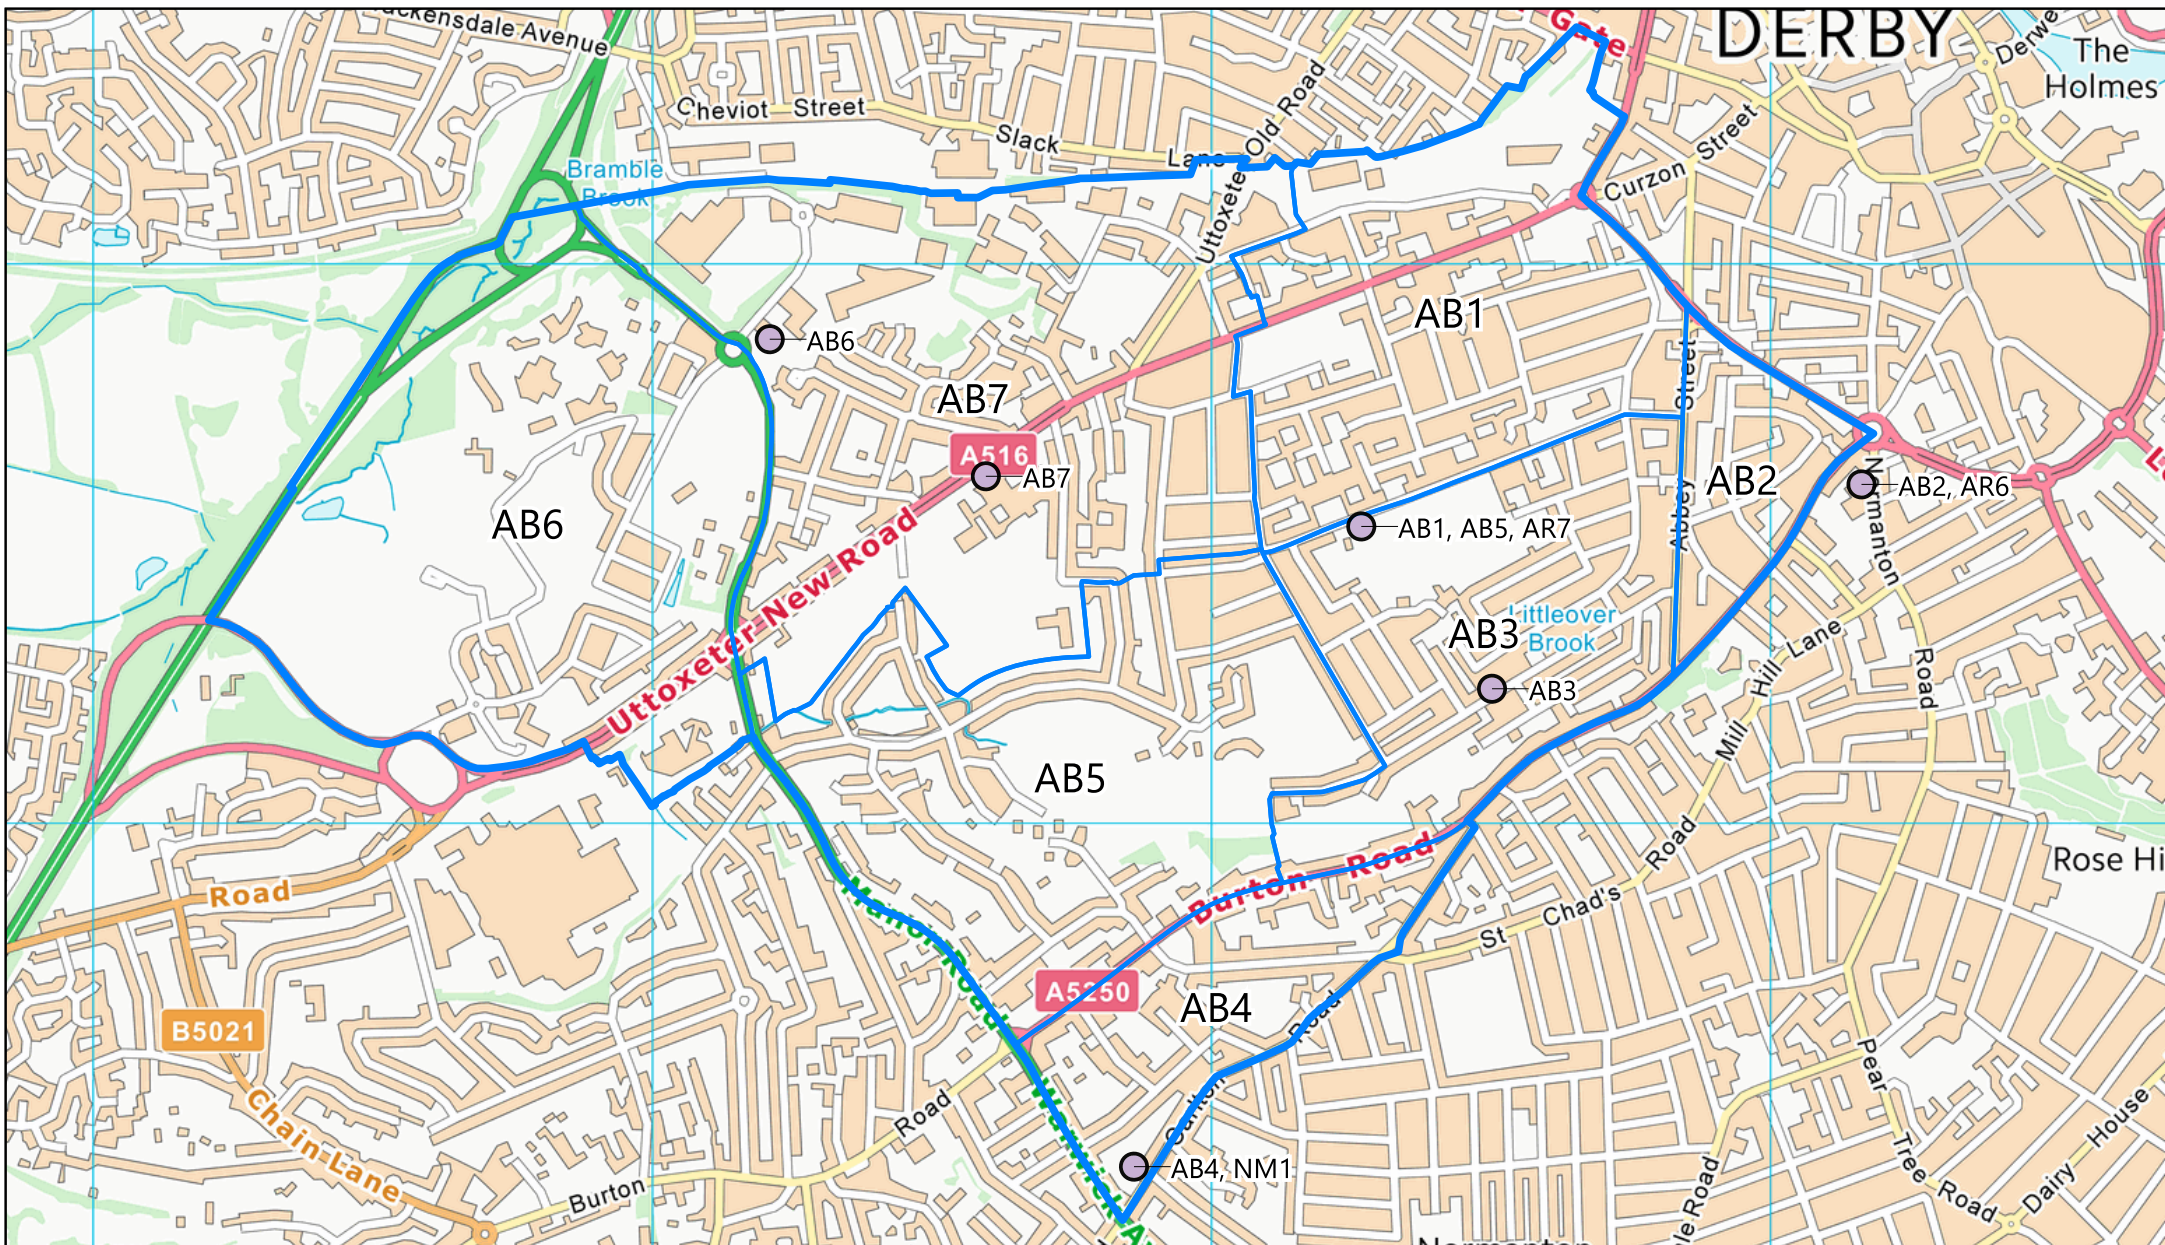

SP1 – A consultation response was received regarding relatively poor car parking at the Guide Hut. No suitable alternative polling place was identified in the district, although on-street parking is available nearby.

SP4 – A marquee in the grounds of the Scout Centre has been used for this polling station at recent elections due to the need for social distancing during the COVID-19. It is anticipated that this temporary structure will no longer be required and that polling will take place in the Scout centre.

(Acting) Returning Officer's comments published on 31 October 2022
