15. To consider the following Notices of Motion:

Councillor Hickson to move, Councillor Roberts to second:

- (1) Council notes with dismay the Government's decision not to award the £1.4 billion contract for Thameslink to Bombardier but instead to award it to Siemens in Germany.

The consequences of this decision will put up to 3000 Derby jobs in jeopardy - the economic costs of which are outlined as follows:

- (a) The Gross Value Added for each employee in the workforce in Derby (at 2008 figures) is £22,594.
- (b) The approximate cost to the Treasury to maintain someone on benefit and in terms of lost income tax and National Insurance etc is circa £9,000 for each person
- (c) The total cost of a redundancy could therefore be said to be £31,594 per annum.
- (d) When this figure is multiplied out by 1,200 jobs at Bombardier (in a best case scenario) or 2,000 (in a worst case scenario) this generates a cost to the nation of between £38 million and £63 million per annum. When the supply chain effect of 2.4 supply jobs to 1 Bombardier job are applied this cost spirals to a figure from £91m to £151m per annum

The lost contract may also spell the end of 170 years of train manufacturing in Derby and the end of the last UK train manufacturing base in this country meaning that in future every train or tram ever ordered by the UK would come from abroad. This is a completely unacceptable situation.

The City of Derby has a proud and distinguished history of high quality train manufacturing with a skilled and loyal workforce who are devastated by this decision.

Council therefore calls on the Prime Minister to:

- 1, Immediately agree to the meeting requested by the Leader of the Council, the Derby Renaissance Board, the Chamber of Commerce and Marketing Derby so that the full ramifications of this decision can be evaluated
2. To consider suspending the award of preferred bidder status to Siemens pending a thorough independent review of the tendering process with a view to running the tender again with an economic impact assessment as an integral part of the tendering process and measures to give the same inbuilt protection to UK workers that competitors in Spain, Germany and

France manage to achieve for their own workforces

3. To instruct officials across government to immediately engage with and work with the City to consider what economic and financial support can be put in place to accelerate its regeneration and employment prospects

- (2) Councillor Hickson to move, Councillor Carr to second:

This Council recognises the enormous contribution made by service women and men to the security of our nation and our city. Their dedication often involves personal sacrifice which can result in loss of life or injury.

The Council therefore welcomes a scheme, being launched by Chris Van-Hilton, to provide access to degree courses for ex-service personnel with disabilities, and commends the University of Derby for providing two fee-free places. The Royal British Legion is also supporting the scheme.

The Council resolves to endorse the scheme and provide such support as it can, other than direct funding, to help make the scheme a success.

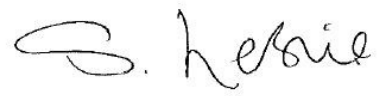

- (3) Councillor Campbell to move, Councillor Redfern to second:

Derby City Council has a responsibility to ensure that residents from across the city are able to access amenities and services; especially for vulnerable groups such as elderly and disabled people who need a specialise public transport service. The Cabinet decision to withdraw this valuable service will isolate many vulnerable residents in their homes and adversely affect their quality of life. Council therefore calls upon Council Cabinet to reinstate all the community transport and subsidised services affected until such a time as reasonable alternatives have been identified.

- (4) Councillor Holmes to move, Councillor Carr to second:

Council notes with concern the loss of 650 jobs at the former Egg site at Pride Park now owned by Barclays and the potential for further job losses for approximately 600 other workers at that site but owned by Citibank.

Council resolves to do all it can to support those faced with redundancy and calls upon Barclays and Citibank to enter into immediate discussions with the Council and its Renaissance Board to explore ways of mitigating the effects on workers at the Pride Park site.

MINUTES OF COUNCIL CABINET REQUIRING THE APPROVAL OF COUNCIL

COUNCIL CABINET 12 APRIL 2011

Present Councillor Jennings (Chair)
 Councillors Grimadell, Holmes, Ingall, Marshall, Poulter, Webb
 and Williams

In attendance Councillors Allen, Bayliss and Jones

This record of decisions was published on 14 April 2011. The key decisions set out in this record will come into force and may be implemented on the expiry of five clear days unless a key decision is called in.

Budget and Policy Framework

244/10 Derby's Economic Strategy 2011-15

The Council Cabinet considered a report on Derby's Economic Strategy 2011-15. The new Derby Plan, to be published imminently, was the overarching strategy for the city and contains a desired outcome of "realising a thriving sustainable economy". The draft Economic Strategy (Appendix 2 of the report) was, in effect, the economic chapter of the Derby Plan. It was designed to realise this Derby Plan outcome statement and would be owned and overseen by the Derby Renaissance Board (DRB). The strategy outlined the rationale for a series of suggested interventions. Specific actions for partners to undertake were included in three associated Delivery Plans – one for each sub-board of the DRB (Appendix 3-5 of the report). Progress against the Delivery Plans would be monitored by the DRB and periodically reported to Members. This report accompanied the draft Economic Strategy and associated Delivery Plans and sought approval from Members.

Decision

To approve the Economic Strategy and adopt the document as the basis for the Council's future regeneration projects and programmes.

246/10 Being Safe and Feeling Safe – Derby's Crime and Disorder Reduction Strategy 2011-14

The Council Cabinet considered a report on Being Safe and Feeling Safe – Derby's Crime and Disorder Reduction Strategy 2011-2014. Under current legislation, there was a duty for each crime and disorder reduction partnership to formulate and implement a three year strategy to reduce crime and disorder and combat substance misuse; with an annual strategic assessment of risk and need which should be reviewed every six months. This three year strategy covered the period 2011-2014, and explained the priorities for community safety for Derby city during this period. The action plan outlined key delivery

areas over the next 12 months. The priorities identified in the strategy had been developed alongside the 'being safe and feeling safe' priority outcome in the Derby Plan to ensure that these strategies were harmonised. It had also been developed alongside the Council's Corporate Plan. There was also a statutory duty for the local authority to exercise all of its function with due regard to the likely effect on crime and disorder in the area and to take direct action to reduce crime and disorder. This included consideration of the potential impact of policies, budgets, commissioned services and direct service delivery on crime and disorder. The strategy and annual plan had to be approved through the Council's decision making process and remained a statutory plan to be approved by Council.

Decision

1. To recommend Council to approve the strategy and annual plan.
2. To ensure that all Members and services have due regard to the Council's statutory duty to reduce crime and disorder.
