- General Notes**
1. All dimensions shown are in millimetres unless otherwise stated and levels are in metres to Ordinance Datum.
 2. Do not scale from this drawing. All dimensions must be checked/verified on site.
 3. All levels quoted on drawings were relevant at the time of survey. Levels and setting out should be checked by the site engineer to ensure the quoted levels are still relevant at the time of construction.
 4. All works in watercourses will be carried out with care to minimise the risk of pollution adhering to Pollution Prevention Guidelines.
 5. All works affecting flood defences, main watercourses and/or ordinary watercourses will be subject to Consent for Permanent and Temporary Works under the Land Drainage Act 1991.
 6. No ground investigations are currently available. Geological maps show clay overlying mudstone.
 7. Include an allowance for a detailed qualitative risk assessment and a materials management plan for re-use of soil. Include an allowance for WAC testing for all excavated material.
