The Chair reported that following advice from the Constitutional Services Officer on behalf of the Monitoring Officer, that the meeting was to be adjourned. This was as it had been a year since SACRE had been quorate, meaning no decisions had been ratified from the previous three meetings. This decision was not taken lightly, and the Chair thanked members who continually attended SCARE for their support. It was agreed that to try to improve the attendance this letter would be sent followed by a survey to canvass members about the SACRE meeting.
