15/08 3 Cities and 3 Counties Growth Point – Submission of
Revised Programme of Development

The Cabinet Member considered a report which stated that the Government designated the Three Cities and Three Counties (6Cs) area as a Growth Point in 2006. The 6 Cs encompasses the sub-regional Housing Market Areas (HMAs) of Leicester, Nottingham and Derby, the Derby HMA covering the City, South Derbyshire and Amber Valley. As a Growth Point, the area would undergo additional housing development, consistent with regional plan targets, and was eligible for resources to support this from the Government's Growth Fund. The Government had asked that each Growth Point area submit a revised Programme of Development by 1 October 2008. The report sought approval for the list of infrastructure projects for inclusion in the Programme of Development and for the approach to be taken to finalising the submission.

Resolved

1. To approve the potential growth point projects identified in Appendix 2 for inclusion in the revised 6 Cs Programme of Development.
2. To endorse the approach to revising the Programme of Development as set out in the report and to authorise the Chief Executive to sign off the finalised document for submission to Government.
