

DERBY CITY COUNCIL

GENERAL LICENSING COMMITTEE

13 JULY 2005

Report of the Director of Corporate Services

ANIMAL BOARDING ESTABLISHMENTS ACT 1963 – DOG SITTING

RECOMMENDATION

1. To approve the conditions for the licensing of animal boarding at domestic properties under the Animal Boarding Establishments Act 1963.

SUPPORTING INFORMATION

- 2.1 Animal Boarding Establishments are premises of any nature (including private dwellings) used for the business of providing accommodation for other people's animals (cats and dogs).
- 2.2 No person may keep an animal boarding establishment unless they are licensed by the local authority. A licence, for which a fee is payable, remains in force to the end of the year in which it is issued.
- 2.3 When considering an application for such a licence, a local authority needs to have regard to factors affecting the animal's welfare, including:
 - Nature and size of accommodation and its environment
 - Provision of food, water, bedding and exercise
 - Preventing the spread of infectious or contagious diseases
 - Protecting animals from fire or other emergencies
 - The need to maintain a register
- 2.4 The local authority must specify licence conditions to ensure that these requirements are maintained if a licence is granted. These conditions may include other requirements which the local authority considers appropriate. These might include the prevention of statutory nuisance associated with the business (such as barking dogs), or the protection of individuals from risks to their health and safety.
- 2.5 At present there are five Animal Boarding Establishments in the Derby City area, four of these are for cats and the other for both cats and dogs. All of these businesses are run from premises used solely for the boarding of animals. The current licence conditions for animal Boarding Establishments are targeted specifically towards these types of operation.

- 2.6 The Environmental Health and Trading Standards Division has recently received a request for a licence to undertake animal boarding (dogs only) at domestic premises. This proposal for 'dog sitting' envisages one or two dogs being kept within a normal domestic environment in the same way as family pets, leading to more individual service for the animals.
- 2.7 Although the Animal Boarding Establishment Act 1963 recognises that domestic dwellings can be licensed for this purpose, the Council's current licence conditions do not address this approach. It is proposed therefore, that an additional set of conditions for boarding at domestic premises is approved. The draft conditions are attached in Appendix 2.
- 2.8 The current Animal Boarding Establishment licence fee is £77 per annum. It is proposed that this fee level is also applied to domestic dwellings since the work licensing process (inspection and administration) will be the same.
