warned that we have 12 years to make the necessary changes to limit a rise in global temperatures to 1.5oC. Failure to act will see a marked increase in sea levels and flooding, extreme and abrupt changes to weather patterns, crop failures, extinctions of plant, insect and animal species and global economic disruption and crisis. The increased frequency and intensity of extreme weather events that we have experienced locally highlight why this is such an important issue for Derby City Council to respond to.

At the Global Climate Talks in Poland last December the UK along with over 200 nations agreed action on climate change with a much greater role strongly implied for Local and Regional Authorities like Derby City Council in assisting Governments to achieve their carbon emission savings.

This Council therefore:

- Declares a Climate Emergency;
- Notes that our current targets are inadequate to respond to the challenge of keeping global temperature rises below 1.5c.

This Council requests that:

(a) a Derby Climate Change working group is established to respond to this challenge, that meets in public with wide representation including from all party groups;

(b) considering recommendations from the proposed working group, the Cabinet sets a new target for Derby to be carbon neutral and develops an action plan, by the end of 2019, to achieve this;

(c) resolves to work with other local authorities and public, private and voluntary sector partners on carbon reduction projects to ensure the UK is able to deliver on its climate commitments; and

(d) the Government provides the necessary resources and powers so that Derby can make its contribution to the UK’s Carbon Reduction targets.

24. Notice of motion: Pear Tree Carnegie Library

Moved by Councillor S Khan, seconded by Councillor Peatfield

The Pear Tree Carnegie Library was built in 1913 and gifted to the city by the philanthropist Andrew Carnegie.

The Library has been at the heart of the community for 100 years and has been greatly missed since its closure in 2018.

For more information or if you have any specific requirements please contact Democratic Services on Derby 643643. Documents can be accessed online at http://cmis.derby.gov.uk
This Council believes that this key historic building should be kept in Public use, and therefore resolves to request that Council Cabinet:

1. Designate the building as an asset of community value
2. Stop all plans to sell the building
3. Divert the funds necessary from the Capital Programme to repair and restore the building to bring it back into public use as soon as possible

Emily Feenan
Monitoring Officer
