

ITEM 10

Minute Extract from Scrutiny Management Commission 31 January 2005

72/04 Land Adoption Across Derby

The Commission considered a minute extract from Area Panel 1, relating to Community Facilities at Breadsall Hilltop, Derwent. The Area Panel were concerned that land could not be adopted until it was made up to a standard suitable for maintenance. There were several areas of land across the city which remained unadopted. The Area Panel had requested the Commission to investigate the wider issue on land adoption across the city with a view to the situation at Breadsall Hilltop, Derwent, being prevented in future.

Resolved:

- 1. To note the minute extract from Area Panel 1.**
- 2. To request the Planning and Environment Commission to consider the detail of the report and report back to Scrutiny Management Commission with their findings.**
