

## CLIMATE CHANGE COMMISSION 14 SEPTEMBER 2009

Report of the Director of Corporate and Adult Services

### Performance Monitoring

#### RECOMMENDATION

- 1.1 To consider and comment on the performance indicators within the remit of this Commission.
- 1.2 To note that the scrutiny commission scorecards have now been updated on Performance Eye to include the 2009 Corporate Plan indicators and milestones as well as National Indicators and LAA indicators.

#### SUPPORTING INFORMATION

- 2.1 Monitoring performance is an important role for Overview and Scrutiny Commissions as it enables non-executive members to assess Council's performance and hold the Council Cabinet to account for setting and delivering against targets.
- 2.2 In Derby we use 'Performance Eye' an electronic system for monitoring performance with green, red and amber 'traffic lights' showing whether performance is on or off target. Most of our indicators monitor performance on a quarterly basis but there are also a significant number of annual indicators such those monitoring GCSE exam results. All members can access performance eye through the intranet.
- 2.3 Information on the indicators is taken directly from Performance Eye. This now includes the Corporate Plan indicators and milestones, which have been included in the information.
