

# Covid and Flu Autumn/Winter Programme 2023/24

## Key Dates:

01/09/2023 - Start of Flu Programme

11/09/2023 - Start of Covid Programme

22/10/2023 - Deadline for care homes to be completed

15/12/2023 - End of the Covid Programme

31/03/2024 - End of the Flu Programme

## **Current position - COVID and influenza vaccination (please note this covers the City and County wide population)**

### Autumn Winter COVID Programme

- 159,127 (32.12%) Covid-19 vaccinations undertaken from 11/9 to 09/10 (no validated data beyond this point). This is the fourth highest percentage uptake in the Midlands. Care Home uptake is currently 65.1% compared to a national average of 67.4% and Midland's average of 67.2%.

### 2023/24 Influenza Vaccination Season

- 215,004 (34.37%) Flu vaccinations from 11/09 to 09/10 (no validated data beyond this point). This is the second highest percentage uptake in the Midlands. Schools data uptake data will be shared in due course.

Vernon Street Pharmacy	Vernon St, Derby DE1 1FR	CP

# Covid and flu Autumn/Winter Programme 2023/24

## Areas of concern with mitigating actions:

- We have a new School Aged Immunisation Services provider who commenced operations 01/09/2023 they are currently building relationships with schools and have commenced provision. NHSE hold the contract for the service and have regular meeting to discuss any operational challenges. The JUCD flu cell receives updates on a fortnightly basis.
- There are additional payments for the Autumn Winter Covid Programme in order for providers to be able to bring forward to programme and vaccinate more people earlier, these cease after the 31/10/2023, this may result in sites stopping vaccinating from this date due to financial viability. The local Derbyshire Vaccination Operation Cell (VOC) will complete a review of expected provision post the 31/10/2023 and will liaise with public health if there any concerns with provision. Any gaps in provision will be reviewed on an individual basis.
- As part of the accelerated programme for Covid there is a requirement to vaccinate all care homes by the 22/10/2023, care home completion has been slower than other systems in the midlands. We are working closely with all care home providers and are assured they will be completed by the acceleration deadline.
- Due to various onboarding, supply distribution and staffing issues some of the new sites have been onboarded at varying times throughout the programme. We still have 5 community Pharmacy sites who haven't delivered a vaccination to date. The VOC team are working with the various sites and helpdesks to successfully onboard sites.
