

# ITEM 9

Minute Extract from Area Panel 5 – 6 April 2005

## 53/04 Updates

### **Balustrade at Darley Abbey Park**

It was reported that a Lottery Heritage Bid would be submitted hopefully within two or three years, but until then the temporary barriers would remain.

Gwen Schoffer commented that this was a health and safety issue and that the danger to the public remained. She did not think that waiting for two or three years was appropriate for a matter of life and limb.

Councillor Repton commented that the section 106 money that had been directed to Bendall Green could have been used here and that it should be returned to Area Panel 5 so it could be used on this.

Councillor Hickson replied that the money was being returned as it had been allocated to Bendall Green in error, but that there was a list of things that needed doing within Darley Ward which this would need to go on and these would need to be prioritised.

**Agreed to recommend Council Cabinet to investigate how the Section 106 money from the Children's Hospital development came to be spent on Bendall Green rather than being spent within Darley Ward and to ask that the money be returned to Darley Ward so it can be put towards the cost of replacing the balustrade.**
