- 1.2 The details of the petition were:  
  
We the undersigned would like the council to make whoever is responsible to clean up the two ex Rolls Royce car parks on Addison Road. We believe that the car parks are in such a state now that they are affecting our health, i.e. smell and rats.
- 1.3 The petition was signed by approximately 1200 people.
- 1.4 A copy of the original petition was forwarded to Corporate Director of Corporate and Adult Social Services asking for a response to the June 2006 meeting. However, since the petition was routed, reorganisation of responsibilities has taken place which means that the petition is now the responsibility of the Director of Environmental Services.
