

There has been NO Global Warming in the last ten years

Global temperatures 1995 - 2009

Some scientists say we may expect many years of cooling, due to reduced sunspot activity.

What will happen to us if the government, the EU and UN push ahead with their huge programme of taxes and regulation? You are invited to the

WORLD PREMIERE of the New Film

“NOT EVIL JUST WRONG” -

The true cost of global warming hysteria.

Showing at 10.30 a.m prompt on Saturday 24 October

in the Council Chamber at the Council House, Derby.

Places are limited and admission can only be assured to those who have confirmed their intention to attend.

RSVP to frank.leeming@derby.gov.uk
