Hi Rob

Apologies if this is too late but just in case it isn't, the Headteacher's comments are below:

- Dangerous for bicycles because of difficulty in cars passing them when leaving the City
- Serious problems for parents when dropping off children. There is nowhere for them to stop and drop off safely.
- Difficulties for both cars and buses leaving the premises and turning right towards the City at busy times because the bus lane can be hidden by other traffic.
- Wednesday mornings at around 8.00 – 8.20 am is a nightmare due to refuse collections and the inability to pass the vehicle.
- General difficulties in vehicles passing buses who pull over at Broadway to collect students going to Ecclesbourne School often in great numbers.

Regards

Carol Bowley
