

DERBY CITY COUNCIL

Corporate Plan 2008-2011 - Action Plan

delivering our priorities

Updated for 2009-2010

INTRODUCTION

Welcome to Derby City Council's Corporate Plan 2008-2011 - Action Plan, which has been updated for 2009-10. It describes how the Council manages its performance and sets out actions that we will undertake to deliver our six priorities...

- Making us proud of our neighbourhoods.
- Creating a 21st Century city centre.
- Leading Derby towards a better environment.
- Supporting everyone in learning and achieving.
- Helping us all to be healthy, active and independent.
- Giving you excellent services and value for money.

We are committed to continuous improvement and each action is supported by measures that we will use to assess the progress that we are making.

Helping us all to be healthy, active and independent.....	45
Raising the quality of social care for vulnerable and older people.....	46
Improving the health and well-being of our communities.....	49
Responding quickly and effectively to local needs of children, young people and their parents/carers.....	55
Giving you excellent services and value for money.....	58
Improving Council services.....	59
Increasing value for money.....	65

Measuring Success

Performance management is a fundamental part of our corporate planning process. It is made up of the culture and systems that we put in place to help us manage, monitor and continuously improve our performance, and achieve our priorities.

Corporately we monitor our performance every three months, preparing performance reports for the Council's Cabinet and Chief Officer Group. We use an ICT system to help us improve the way we collect, monitor, analyse and manage performance.

The diagram below shows our planning framework and includes details of our reporting hierarchy for performance indicators according to the impact that they have on our priorities. The frequency of reporting is determined by the level of management and type of indicators.

Performance Management Strategy

The Council's Performance Management Strategy outlines our approach to achieving effective performance management. The strategy is reviewed on a regular basis to make sure that it remains both relevant and meaningful. A copy of our Performance Management Strategy can be found at www.derby.gov.uk

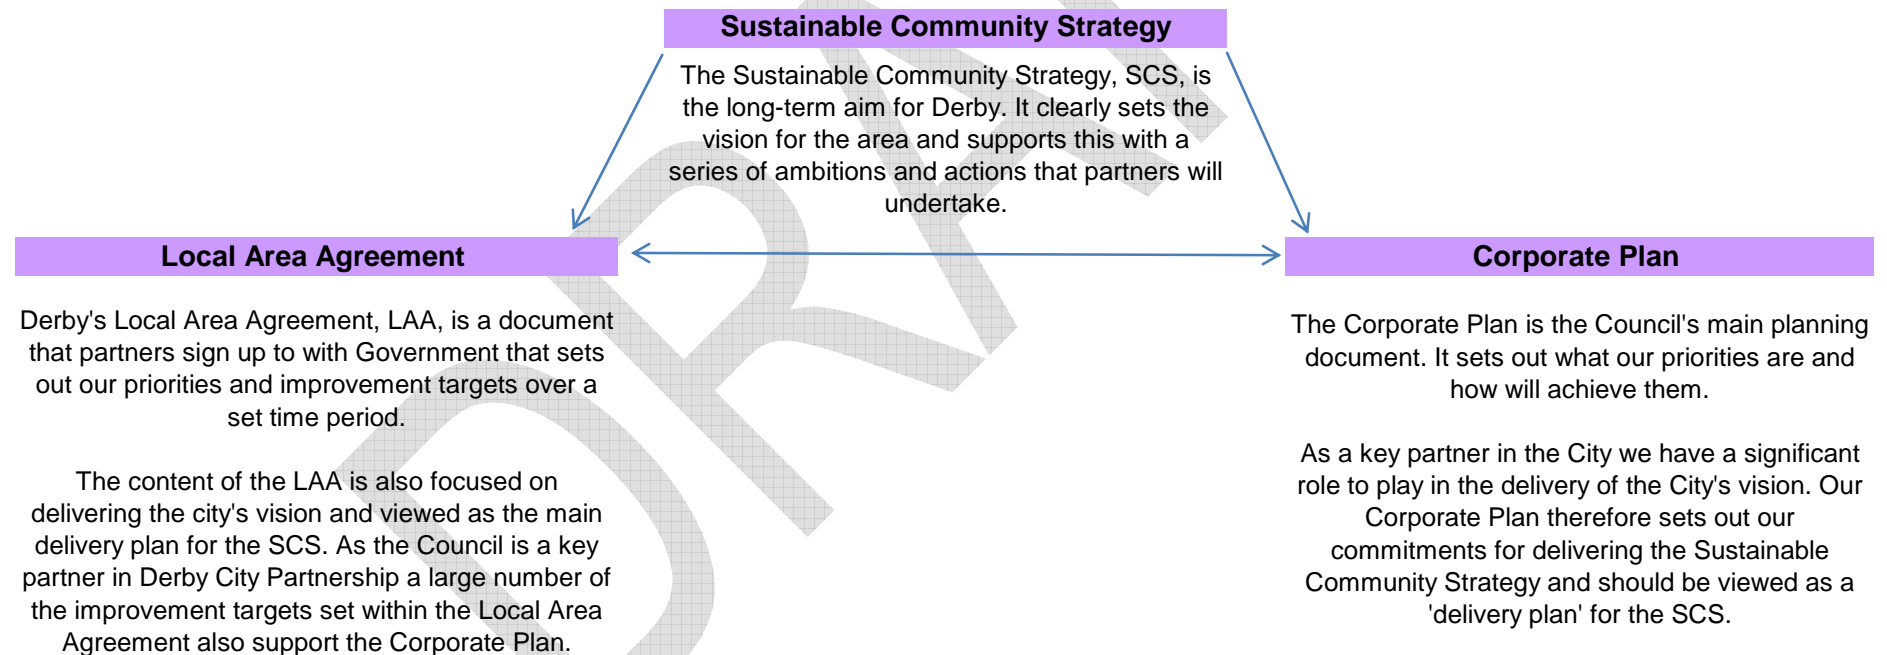

Working with our Partners

Derby City Council works closely with its partners through Derby City Partnership, DCP. Together we are working to deliver the City's 2020 Vision...

Derby - a city for all ages

People of all ages and from all walks of life will feel they belong to Derby and that Derby offers them everything they need - for work, education, housing, leisure and a safe, healthy lifestyle.

There are a number of key documents that are published which make sure that we remain focused on delivering our vision...

The Sustainable Community Strategy was published in April 2009 having undergone a significant redevelopment from the Community Strategy for 2006-2009.

The Strategy now focuses on delivering ambitions and 'priorities for action' centred on each of the themed partnerships or 'Cities' that make up Derby City Partnership. Each City is responsible for contributing to a different part of the Vision. The priorities for action provide the framework for what achievements will be delivered in the two years that the Strategy covers.

The priorities for action set out within the SCS align very closely to our priorities and key outcomes contained within this action plan. The table below shows how they map together and more specifically where the work that we are going to deliver over the life of this Plan directly supports what has been published in the Sustainable Community Strategy...

Sustainable Community Strategy 2009-11		A ✓ indicates that the outcomes and actions underpinning the priority support the delivery of the priority for action					
City	Early priorities for action	Corporate Plan 2008-2011					
		Making us proud of our neighbourhoods	Creating a 21st Century city centre	Leading Derby towards a better environment	Supporting everyone in learning and achieving	Helping us all to be healthy, active and independent	Giving you excellent services and value for money
City for Children and Young People	Parenting – supporting Derby's parents and carers to be positive, caring and responsible, to enable children and young people to meet the five outcomes identified by the government	✓			✓	✓	
	Safety, belonging and being valued in the community - ensuring all children and young people are listened to and can participate in decision-making in their local communities	✓			✓	✓	
	Building ambition, aspiration and achievement – supporting children and young people to develop and maintain positive relationships and have access to new opportunities				✓	✓	
	Physical, emotional well-being and safe choices –supporting children, young people and their families to understand risk and how to make safe choices	✓		✓		✓	
City Growth	Sustaining Derby's status as the UK's number 1 high-tech city through its portfolio of higher value, knowledge based employment	✓					
	Energising all of Derby's communities, capturing their full potential and retaining and growing a wide range of employment opportunities for all	✓					

Sustainable Community Strategy 2009-11		A ✓ indicates that the outcomes and actions underpinning the priority support the delivery of the priority for action					
City	Early priorities for action	Corporate Plan 2008-2011

	Improving the health of our residents, especially vulnerable adults, by providing decent, affordable, and sustainable housing	✓			✓	✓	

In addition to the links set out in the table above where we have identified a specific action through our corporate planning process that directly supports the SCS it will be highlighted in the links column of the action planning tables. For more information please refer to 'Key Actions' on pages seven and eight.

Key Actions

Our key outcomes underpin our six main priorities and form the basic framework for our performance management system, our business plans, the budget process and service development more generally. Over the following pages, we describe each key outcome in more detail and explain what we are going to achieve in the future.

For each key outcome we show...

How we will achieve it – the actions that we will take to meet our priority.

Officer responsible – the job title of the person who is responsible for the delivery of the action.

Source of finance – the resources we will need to achieve the key outcomes. Against each action, we have categorised the funding required to link these to our budget

Here are the categories used to classify funding...

Revenue Budget

- R-a** Funded through existing core budgets
- R-b** Grant funded
- R-c** Funded through new approved developments
- R-d** Requires new external funding

Capital Budget

- C-a** Funded through already approved budget
- C-b** Requires new external funding

Main measure – the main indicator we will use to measure our progress towards completing the action and achieving our key outcomes.

Timescale – when we expect to achieve the actions that we will take.

Risks – the corporate risks of not delivering each action. Each risk is categorised using the themes from the Council's Strategic Risk Register...

- A** - Vulnerability to fraud
- B** - Failure to deliver services through partnerships/PFI failures
- C** - Critical incidents affecting employees, property or resources
- D** - Inability to retain/recruit key staff
- E** - Insufficient Funding
- F** - Data Recovery/Security Arrangements
- G** - Failure to comply with external inspection requirements
- H** - Failure to comply with strategic objectives
- I** - Inadequate measures/controls in place to prevent financial errors

- J** - Inadequate security/safety measures in place to maintain site integrity on all council buildings
- K** - Ineffective communication mechanisms in place across the council
- L** - Failure to have effective risk management/business continuity policies and plans
- M** - Fail to achieve Council wide environmental targets for example reduction of energy use or reduction of CO2 emissions
- N** - Accommodation doesn't meet our current or future needs

Other Links - where applicable, this identifies actions that link to other key internal or external plans...

Internal

- BP** Department/Service Business Plan(s)
- AMP** Corporate Asset Management Plan
- LTP** Derby Joint Local Transport Plan
- CYPP** Children and Young People's Plan
- LDF** Local Development Framework
- HS** Housing Strategy
- CS** Customer Services Strategy
- Int - O** Other

External

- SCS** Sustainable Community Strategy
- LAA** Local Area Agreement
- CSS** Community Safety Strategy
- CSM** Cityscape Masterplan
- R-HS** Regional Housing Strategy
- Ext - O** Other

PRIORITY 1**Making us proud of our neighbourhoods**

Improving the quality of life for local people is a key priority for the Council and its partners. We are committed to delivering local services that meet the needs and expectations of our neighbourhood areas.

We know that crime, and the fear of crime, are key issues for local people and we are continuing our commitment as a lead partner in the Community Safety Partnership to reduce all types of crime by implementing Derby's Community Safety Strategy. This is reflected in our Local Area Agreement, which includes some key targets such as reducing domestic violence, assault with injury and anti-social behaviour.

Our approach to neighbourhood working and engagement is key to delivering better outcomes. This involves neighbourhood teams, managed in partnership, working to reduce crime, make Derby cleaner and greener and improve local facilities. Residents are being encouraged to get involved in decisions about service delivery in their local communities through ward and neighbourhood boards and forums.

We are also working to improve the quality of life for local people by making homes more affordable, increasing the number of job opportunities and building better community relations through our Community Cohesion Strategy.

In summary we will make us proud of our neighbourhoods by:

- reducing crime and anti-social behaviour
- making Derby cleaner and greener
- providing greater opportunities for people to participate in decisions about the area they live in
- reducing inequalities between neighbourhoods by supporting the creation of job opportunities
- improving the standard and range of affordable housing
- building strong and sustainable community relations across Derby
- improving facilities in our neighbourhoods.

Key outcome 1.1		Reducing crime and anti-social behaviour

PRIORITY 2**Creating a 21st Century city centre**

This is a very exciting time for economic regeneration in Derby. The Derby City Growth Strategy and Cityscape Masterplan set a clear framework for investment and economic development across the city. The Cityscape Masterplan aims to provide an improved range of facilities for residents and visitors to Derby, with increased residential options, enhanced commercial opportunities for retailing, employment and leisure and better connectivity and transport services.

A number of major developments and transport projects are being moved forward, including the redesign of Castle Boulevard and Connecting Derby. The projects are indicative of the new vision for Derby city centre and will act as a catalyst for further investment and regeneration.

In summary we will create a 21st Century city centre by:

- increasing economic growth and sustainable investment
- improving accessibility to the city centre
- increasing the quality of open spaces and the range of cultural facilities in the city centre.

Key outcome 2.1		Increasing economic growth and sustainable investment					
Ref	How we will achieve it	Officer responsible	Source of Finance	Timescale/ Milestone	Main measure(s)	Risks	Other links
a	Establish a suitable structure to enable the delivery of economic development and regeneration projects	Assistant Director – Regeneration	R-a R-d	April 2010	<ul style="list-style-type: none"> i. Obtain partner agreement on preferred option by the end of June 2009 ii. Legal and funding agreement signed by partners by the end of December 2009 iii. PRIORITY 3**Leading Derby towards a better environment**

It is important that we take steps to care for our environment to make sure that there is a decent quality of life for future generations. We need to work together as a city to: reduce and recycle waste, utilise renewable sources of energy sources and reduce reliance on fossil fuels. We are also committed to protecting and developing the natural and built parts of our local environment.

In summary, we will create a better environment by:

- reducing the level of carbon emissions
- raising awareness on climate change and local environmental issues
- caring for Derby's heritage.

DRAFT

PRIORITY 4**Supporting everyone in learning and achieving**

We recognise the strength of the city is linked to the education and skills of all individuals, the motivation of people to learn throughout life and the commitment of employers and learning providers. We are working with partners to promote learning as a lifelong process, striving to involve everyone and raising the self-esteem of individuals and the whole community.

Building upon work in this area, we will continue to provide additional support, training and challenge to under-performing schools and focus upon achievement levels in priority neighbourhoods. Our Local Area Agreement includes challenging targets covering attainment and inclusion and we are making good progress in both areas.

Using our strong links with partners such as Connexions and the Learning and Skills Council, we will offer a wider choice in the curriculum for 14-19 year olds and work to reduce the numbers of young people not in education, employment or training, NEET.

In summary, we will encourage lifelong learning and achievement by:

- improving educational achievement and narrowing the gaps in attainment
- providing learning opportunities to raise skills levels for all.

Key outcome 4.1		Improving educational achievement and narrowing gaps in attainment

PRIORITY 5**Helping us all to be healthy, active and independent**

We are committed to making sure that everyone in Derby has the opportunity of living a healthy, active and independent life in their own community.

We are working to improve our services, particularly those that focus on children, young people and vulnerable adults, while promoting equality of opportunity, good health, support, safety and guidance.

Over the coming three years, we will continue to work with the Derby City Primary Care Trust and other key partners to tackle health inequalities across the city. The Public Health Strategy and our Physical Activity Strategy aim to reduce smoking and obesity through tailored support and improved sports and leisure opportunities available to people of all ages. This is supported by our Local Area Agreement targets that focus on reducing premature death rates.

We will provide better opportunities for everyone to live a healthy and independent life, particularly focusing on providing housing and social care for vulnerable people in Derby. Our new Older People Strategy will focus our efforts on improving the quality of life for older people and increasing choice and control.

We are creating locally based integrated children and family teams for each area of the city. These teams will include a range of staff from across the children's workforce. These arrangements will deliver a local integrated approach to improve the ability of the Council and its partners to provide effective support to children and families and protect children from harm.

In summary, we will help us all to be healthy, active and independent by:

- raising the quality of social care for vulnerable and older people
- improving the health and well-being of our communities
- responding quickly and effectively to local needs of children, young people and their parents/carers.

DRAFT

As a 'four star' Council, we are committed to delivering excellent services and value for money.

We have a programme of improvement called Transforming Derby, which helps us focus on areas of improvement. The programme aims to deliver real improvements and to change the way we deal with our customers and how we work.

To continue delivering excellent services we need to review the way we provide our services, making sure we are as efficient as possible. Providing value for money across all services will help us to keep Council Tax levels as low as possible.

In summary, we will give you excellent services and value for money by:

- improving Council services
- increasing value for money.
